Is the property located within a historic district?  no  yes Name of district: \_\_\_\_\_

Is district listed?  no  yes Determined eligible?  no  yes District Inventory Number: \_\_\_\_\_

Documentation on the property/district is presented in: MHT Inventory files

**Description of Property and Eligibility Determination: (Use continuation sheet if necessary and attach map and photo)**

This frame house, located at 7629 Maple Avenue and constructed ca. 1939, is a side gable frame structure located on a small lot between MD 32 and Maple Avenue. It is a very small house with little architectural articulation, despite having been almost doubled in size with an addition to the north. This addition is very compatible with the sale and size of the original. There are no outbuildings.

The Clarence Grimes House lacks architectural or historical significance or distinction and therefore would not meet the National Register criterion C. In addition, it has no known significant association with important persons or events, thus it is not significant under Criteria A, or B, for listing in the National Register. The likelihood that it would yield significant archeological associations has not been established, thus the likelihood that it would meet the requirements of Criterion D for listing in the National Register cannot be established at this time.
