Description of Property and Eligibility Determination (Use continuation sheet if necessary and attach map and photo)

The Dove House does not face Rossback Road, but instead is oriented to Tarnans Branch and the adjacent property. It is approximately 1100 feet from Rossback Road and is not visible from the road. There are several outbuildings associated with the property including a barn, cold or ice storage shed, and smaller utilitarian sheds.

The house is a 2 story, side gable home with several additions and alterations. The roof is clad with a composite shingle, pierced by a ridge line chimney and features large gable returns. The 6/6 double hung sash windows are spaced asymmetrically and the house is clad with asbestos siding. There is a small-hipped roof porch on the front façade with Doric posts. Two shed roof additions are on the eastern side of the house. Entrance to the house is through the shed addition. The rear façade illustrates damage by vines and mold. Also, on the rear façade one can see the stone and brick foundation.

This property is considered not eligible for the National Register due to lack of original building materials and that there are better, extant examples of the Greek Revival style applied to a vernacular house.

The Dove house is not considered eligible under Criterion A as there is no known significant historical event associated with this property.

NR-ELIGIBILITY REVIEW FORM

Dove Property

Page 2

AA-2107

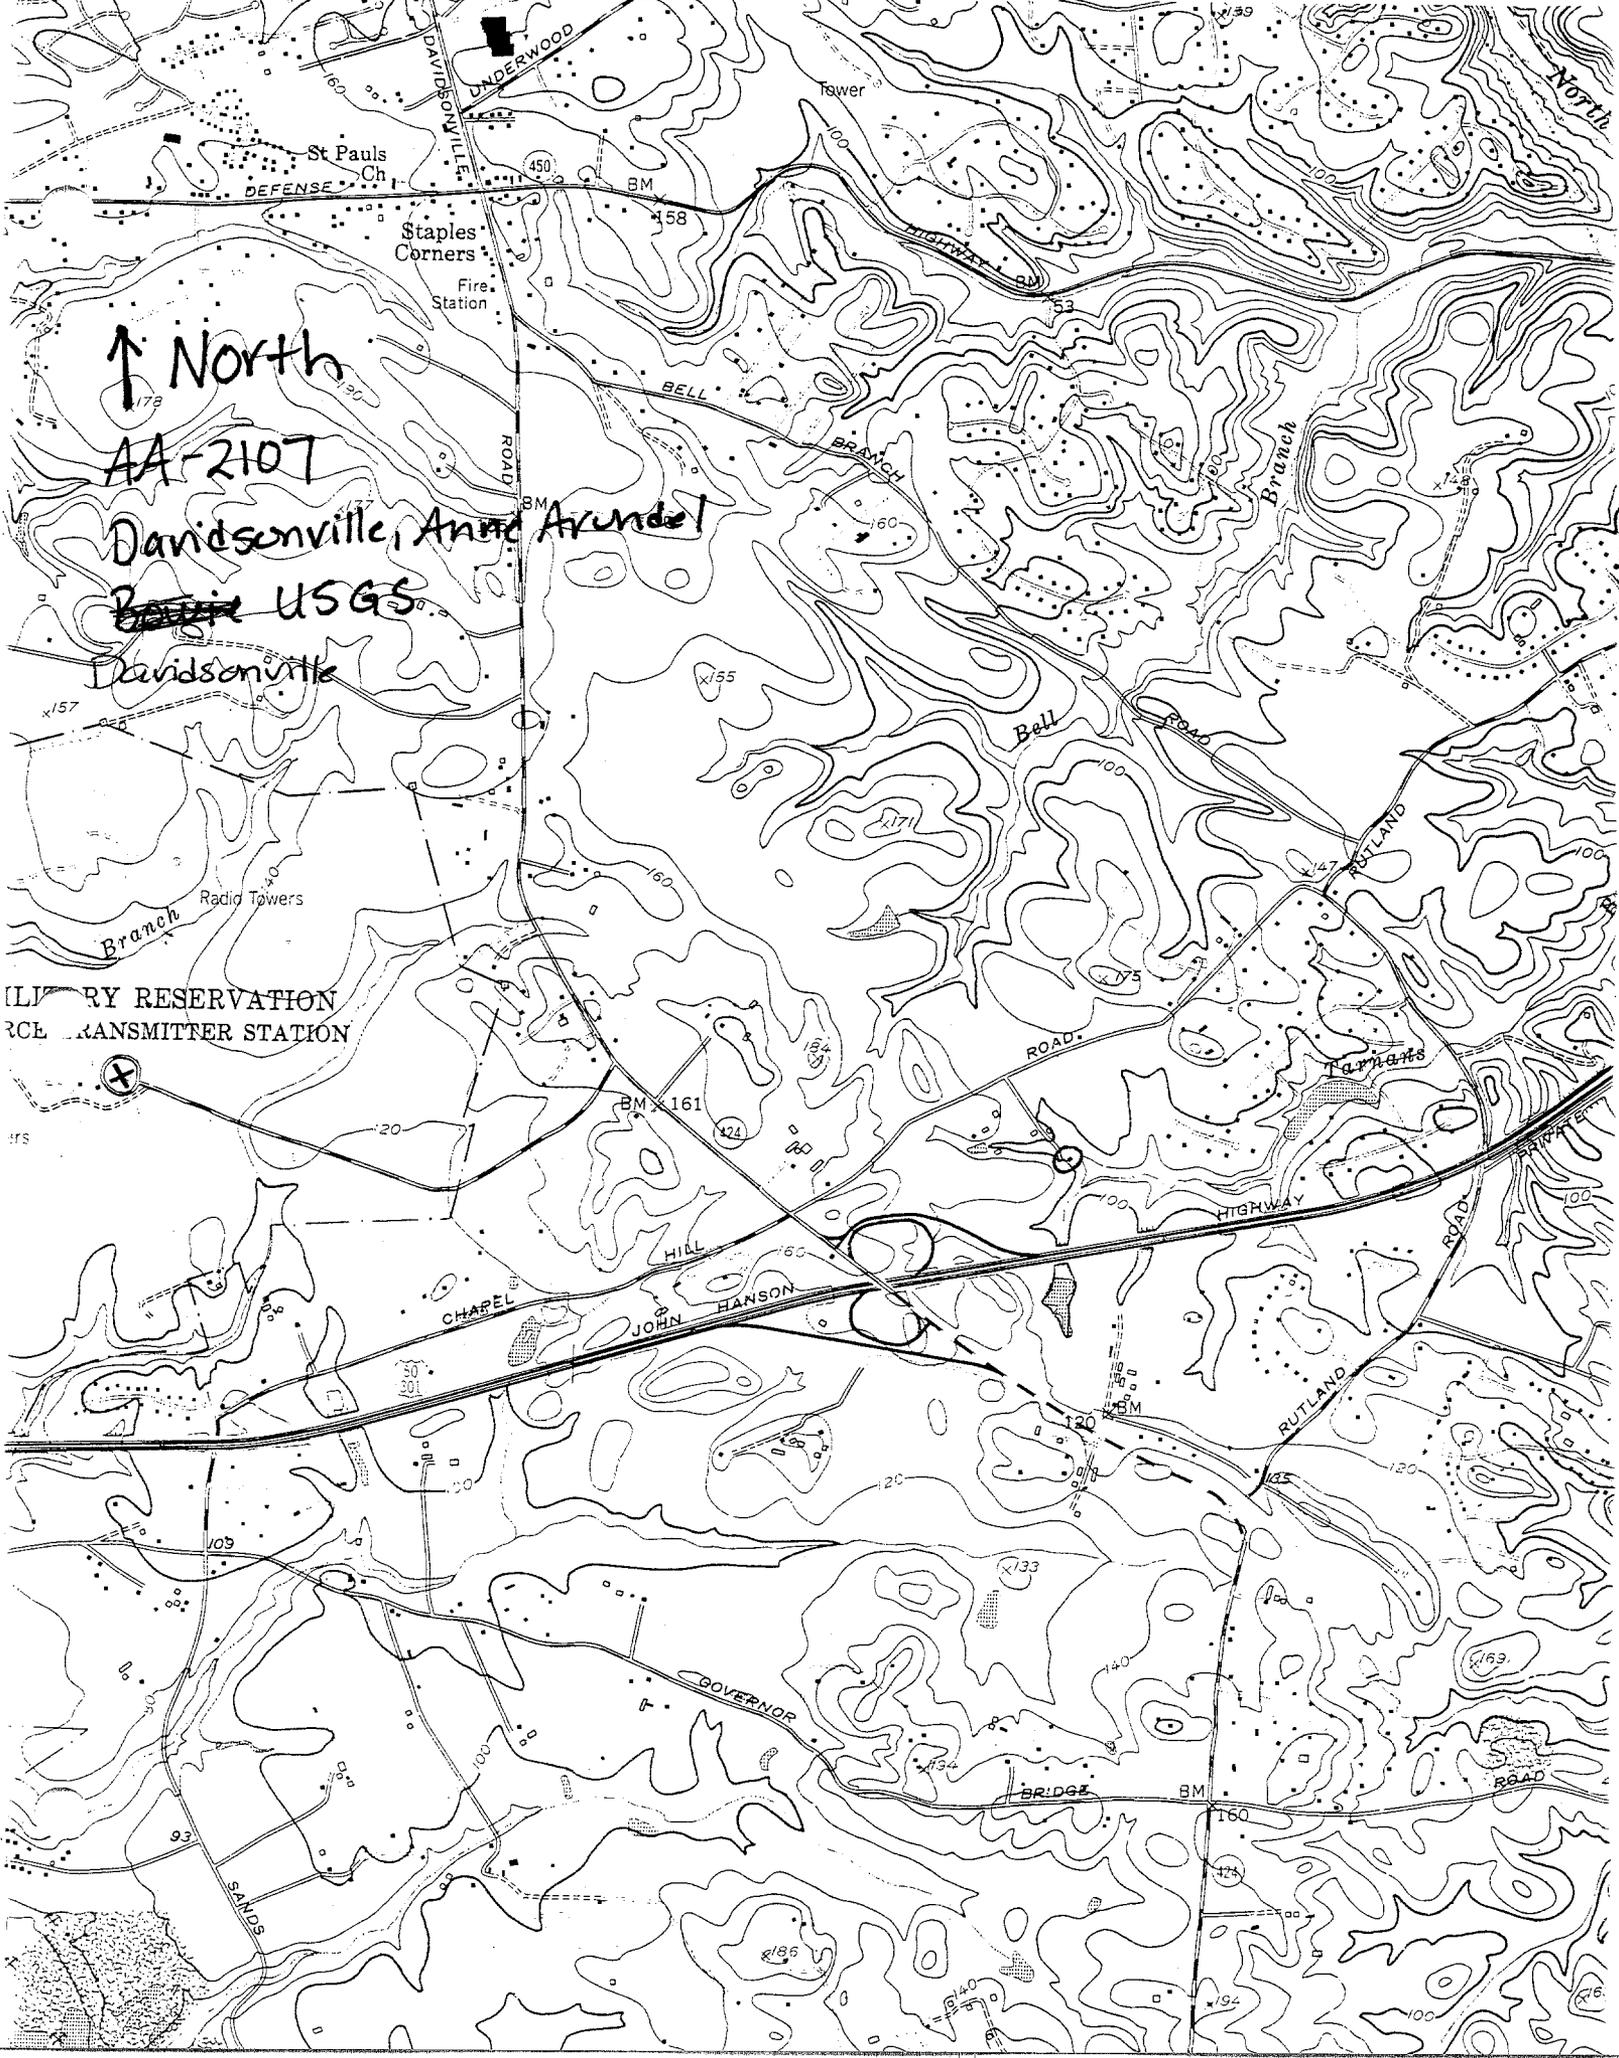

The Dove House is not considered eligible under Criterion B as there is no known person of significance associated with this house.

The Dove House is not considered eligible under Criterion C as an outstanding example of an architectural style or the work of a master craftsman.

The Dove House is not considered eligible under Criterion D as it is unlikely to contain information that is currently unknown.
