283	The recommendation that these three items - Record of Yearly Earnings, Personnel Record and Loyalty Oath - be microfilmed is based on a recent survey of the files regarding their use, space requirements, statutory requirements and operating needs. The fact that microfilming had already been accomplished for the for the Record of Yearly Earnings cards for the period 1949 through 1952 was not a determining factor in making this recom- mendation, but rather consideration was given to such procedure based on the actual need.
