MICRODEX TITLE GUIDE (M-2)

DEATH INDEX CARDS

2¼" x 3"

1945-1951 inc.

REMINGTON RAND

MICRODEX

Death Index Cards

1945-1951 inc.

Filmed in Alphabetical order by Surname of deceased

1945-1951 inc.

MICROFILMING PROJECT

PURPOSE

To microfilm Death Index Cards for Civil Defense purposes, that is, to store the micro-film in a secluded area free from "zone zero" and if disaster occurs to immediately set up a duplicate index card file using photographic paper as the card, the card image being made from the micro-film image.

The cards were filmed rather than the certificate because:

(1) Index cards are more adaptable to the automatic feed and all the essential data are shown thereon.

(2) Index cards would take approximately 1/3 the microfilm, the index card being 2¼" as against the certificate measuring 7¼".

(3) The issuance of certified copies can continue as usual.

PROCEDURAL DATA

It has been determined that on 100 feet of microfilm approximately 6500 2¼ x 3" index card images can be taken at a reduction of 23 to 1.

To average five microdex points (sections) for each 100 feet of microfilm there will be approximately 1600 2¼ x 3" death index cards between microdex points.

(M-7)

MICRODEX DECLARATION GUIDE (M-10)

DECLARATION OF INTENT AND PURPOSE

I, Frances Young, employed by State Health Dept.

do hereby declare that the records microfilmed herein, are actual records of the Death Index Cards created during its normal course of business and that:

It is the express intent and purpose of this organization to destroy or otherwise dispose of the original records microphotographed herein, and that:

The destruction or disposition of the records microphotographed on this reel is only to be accomplished after inspection of the microfilm to assure completeness of coverage, and that:

It is the policy of this organization to microfilm and dispose of original records as part of the planned organizational operating procedure.

MICRODEX AUTHENTICATION GUIDE (M-II)

CERTIFICATE OF AUTHENTICITY

THIS IS TO CERTIFY that the microphotographs appearing on this Film-File Starting with Nabb, Carrie Ella--1950, Mar. 23--Caroline and Ending with Quynn, S. Katharine--1946, Feb. 16--Frederick are accurate and complete reproductions of the records of (Company and Dept.) State Health Dept.--Vital Records as delivered in the regular course of business for photographing.

It is further certified that the microphotographic processes were accomplished in a manner and on film which meets with requirements of the National Bureau of Standards for permanent microphotographic copy.
