Clerk Circuit Court,

My Dear Sir.

My understanding of the
law regulating Medical Practice - is that the
Certificate of the Clerk of the Court for Montgomery Co
entitles him to Registration here upon presenta-
tion of said Certificate and payment to
you of the prescribed fee -

Very truly Yours

J. M. P. Scott
Secy.

Board of Medical Examiners of Maryland.

Hagerstown, Md., *Feb 12* 1897

MY DEAR SIR :—

The law regulating the practice of medicine has undergone several modifications since its first enactment by the legislature, and I take the liberty of calling your attention to certain changes made by chapter 194, laws of 1896. Those applying to you for registration as practitioners of Medicine and Surgery are divided into two classes: Those who claim that they were engaged in the practice of Medicine and Surgery in Maryland prior to June 1st, 1892, and those who, beginning to practice since that date, must present as evidence of their right to register, a license issued by the Board of Medical Examiners.

Chapter 217, sec, 54, laws of 1894, states that every person who was practicing Medicine or Surgery in the State of Maryland on or before the first day of June, 1892, shall be entitled to be registered as a Physician or Surgeon, or both, upon application to the clerk of the Circuit Court of the county in which he or she may reside, or to the clerk of the Circuit Court of Baltimore City, &c., &c.

The amendment to this section by chapter 194, laws of 1896, radically changes the procedure of the applicant for registration so that we deem it advisable to direct your attention to the new requirements, which are that the applicant must first secure a permit to register, "and upon the presentation of permit to be registered, signed by the President and countersigned by the Secretary of either of said Boards of Medical Examiners, to the clerk of the county where the applicant may reside, or to the clerk of the Circuit Court of Baltimore City if said applicant shall reside in Baltimore City. It shall be the duty of the said clerk to register said applicant and permit," &c., &c. Under the law, therefore, no one claiming to have practiced Medicine or Surgery in Maryland prior to June 1st, 1892, can be registered without a permit issued as above set forth.

Pardon us for calling your attention to these details, with which you may be quite familiar. The importance of the proper enforcement of the law and the apprehension that in the multiplicity of your duties you may not have noticed the changes referred to, have suggested this note.

Very respectfully,

J. McP. SCOTT, M. D.,
Sec'y Board of Medical Examiners of Maryland.

Dear Sir,

In the autumn of 1893

I wrote to the Pres or Secy of the Board of Health Baltimore for information in regards to authority to practise Medicine in Maryland and rec'd a reply somewhat to this effect. viz that as I was a graduate in Medicine and practising ~~nothing~~ more was necessary there being no medical Board of examiners, or other authority to issue a license, but he said something about reporting to the Circuit Court of the locality in which I locate ^{d.}

A week or two ^{perhaps three} after I arrived in Hagerstown I called at the office of the Clerk of the Court and reported myself and the gentlemen in Charge said all right, doctor, nothing more is necessary or word ^{to} their effect. I do not know whether any record was made or not as

I rec'd no document.
At that time there was no Board
of Examiners either here or in
Md. The possession of a diploma
from an accredited College or Univ
was all that was necessary
I want to return to Md to resume
practice and wrote to Dr J. McP Scott
for information in re license
and he replies as follows: -

"I recollect you very well as
having resided and practised
medicine in Hagerstown some
years since. I do not think there
will be any difficulty in your securing
right to enter again upon practice in
this State. If the record of the Clerk
of the Clerk of the Circuit Court shows
you to have been registered at the
time you were in practice here
there will be no further effort
necessary. Please advise me
of his reply to your letter".

Yours truly,
(Signed) J. McP Scott

In another letter Dr Scott says
"The registration would act as a
license to you to practice anywhere
in Maryland at any time, by secur-
ing from the Clerk of the Court at
Hagerstown a certificate to that
effect"

J. McP S.

Will you kindly see if there is
any record in your office. I
went to Hagerstown in letter post of

October 1893, and I called a
week or two afterwards.

If I make affidavit to these facts
can you on that and on the state-
-ment of Dr. Scott herewith quoted,
give me such a certificate
as will meet the case?

I presume all that is really
necessary is a certificate from
some legal authority to the
effect that I was practicing
in Maryland prior to the
passage of the present medical
act & the establishment of
the Board. Under such cir-
-cumstances a license issued
as a matter of course

Please let me hear from
you at an early date
stating the fee if any and
whether an affidavit is
necessary or not.

Faithfully yours
Joseph Morrison

Sir -

Will you please
know me if it is
necessary for me to
be registered in this
county as a practitioner
in medicine. I am
already registered
Baltimore &
hope that is sufficient
toward practicing at
place.

Very truly yours
James Albert West
