Table 2: Priority Level Key

PRIORITY LEVEL	DESCRIPTION			
Priority 1	Essential for emergency operations and therefore needed immediately—in the first few hours—to respond to the emergency.			
Priority 2	Records that are needed to manage the incident and resume operations.			
Priority 3	Records needed to continue essential functions if normal agency records were unavailable for a prolonged period.			
	These include records that are needed off site to work on specific programs or projects most critical to the agency's mission.
