

helps, as well as ornaments, their several library adopted by the Home University League a complete circle of all the sciences, as well as the biographies of the men in whose paths they seek to tread.

This man is now saying to himself: We professional men cannot pause in the Budsitir in of Jenow Icogo We must be membe sof the Home University League as long as we live. The better we are inspecialties. Outside of our dry text books is a world of information which must add to our intellectual strength and tend to our profit and success. All this shall be ours. for we must take and hold our rank among the world's successful men."

How many professional men conclude so wisely? Why is it on some occasion we enter a court-room and find it crowded? A bystander answers our query, saving, The celebrated criminal lawyer, Judge B speaks to-day." Why is it that men go great distances and spend large sums same soil as themselves, and listening to l this words of wisdom? Why is it we wor-

perpetuated by shafts of marble or granite? In such men we recognize completeness. Their successes were the result of opportunities which come in some measure to men. They were not satisfied with little things. They saw an obstacle only with their right shoulder.

What professional man does not recog nize the value of broad mental training should he cast aside anything that would add to his intellectual resources? rese irce could be considered greater than the product of the combined intellectua about of the world? The new Encyclopæ ibrary for it is authoritative, concise, an tessible, complete. The immense cost his great library has prevented many from urchasing it. It remained for the "Morn ing Herald" to make its ownership possi-Ten cents a day will procu thalso all the benefits to be derived from

timore have very recently been treated or, rather, maltreated—to the specacle of a few professional men of our ity decrying the possibilities of roufig men in general and ''our grad uates" of the High School in particu

These lonely reformers and pseudo benefactors of the race, for want of lucrative employment in their chosen professions, hold forth as latter-day money for the privilege of daily sitting in oracles in literaries and lyceums, exthe presence of some man, born on the pounding the woeful degeneracy and atility in (mis) applying "Latin, Greek and mathematics" to "washing, ironing and kalsomining."

It is altogether uncertain whether they covet the unenviable reputation of Mr. Max Nortan, the apostle of degeneracy and their sect, or whether they are striving for honor and reverence as discover rs and progenitors o new and startling things." Indeed, analyze their motives would be an exhaustible task to one gifted with the cumen and insight of that wonderful dissecter. George Eliot.

But what has occasioned this adverse comment in reference to "our graduates"? The bulk of the criticism s directed against their very laudable on the drunkard's neck. desire of serving the race in the capaof teachers. Why this desire is made the occasion for such inordinate display of wrath and rhetoric is rather

uzzling to most people. Not long ago the writer was told b a member of one of our best attended Sunday literaries that he was thor oughly disgus ed and morrified at the | way a certain learned (?) member of the "BAK" (of course, this was his credential for being wise in all things under and above the sun), discoursed or rather ranted about the dismal

men made some men. the legal profession had spent in his particula; case, the profession guarantees, in visiting the schools during some of our severe winter months, and inquiring into the wor our graduates" are really doing, and of knowledge would have been onsiderably increased, while "the people" (that pet phrase of our complimentary orators) would have been spared the persecution of indulging

these drops of ! on in the glorior s solar clobus has a temperature and a corresponding radiance vastly exceeding that with which the filament glows in the incandescent electric omp. When we remember further mat the entire surface of our luminary is coated with these clouds, every particle of which is thus intensely luminous, we need no longer wonder at that dazgling brilliance which, even across the awful gulf of 93,000,000 miles, produces light.-McClure's Magazine,

Wind Swept.

were it not for the intervening mountain energy this country, from Northwest to Southeast, would at times in winter be swept by devastating tornadoes. Blizzards seem to arise out of the caves and canons of the plains. Gaining strength and volume over a wide expanse, their force is arrested by the battlements of big bills. Sometimes they rise above the barriers and sweep the Middle States with fury. There you enjoy one day a mean temperature, and the next may be far below freezing. It is like an ice water bath on a warm day, and the shock to muscles, nerves and circulation is the cause of sudden neuralgic and rheumatic attacks, both vielent and acute. Those predisposed to such should have the master cure, St. Jacobs Oil, always ready. Its prompt use prevents the chronic stage, and in the chronic stage it is a prompt, sure cure.

Some experiments at Leavenworth, Kar., show that packed snow offers an excellent resistance to bullets.

High Price for Potatoes.

The John A. Salzer Seed Co., La Crosse, Wis., pay high prices for new things. They recently paid \$300 for a yellow rind watermelon, \$1000 for 30 bu. new oats, \$300 for 100 lbs. of potatoes, etc., etc.! Well, prices for potatoes will be high next fall. Plant a Mr. Wideawake! You'ii make Salzer's Earliest are fit to eat in 29 days after planting. His Champion of the World is the greatest yielder on earth and we challenge you to produce its equal (A.C.) F YOU WILL BEND US 10c. In stamps to the John A. Salzer Seed Co., La Crosse, Wis., you will get, free, ten packages grains and grasses, including Teosinte, Spurry, Giant Incarnate Clover, etc., and our mammoth catalogue. Catalogue alone 5c. for mailing.

Appetite for drink is the devil's iron chain

The Modern Way Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unplease ant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufacture. by California Fig Syrup Company.

The easiest time to let drink alone is before the first drink is taken.

Beware of Cintments for Catarrh That Contain Merenry as mercury will surely destroy the sense of smell and completely derange the whole syster when entering it through the mucous surfaces. such articles should never be used except prescriptions from reputable physicians, as the can possibly derive from them. Hall's Catarrh l'oledo, O., contains no mercury and is taken internally, acting directly upon the blood and nucous surfaces of the system. In buying iall's Catarrh Cure be sure to get the genuine. is taken internally, and is made in Toledo, Ohio, by F. J. Chency & Co. Testimonials irec.

Sold by Druggists, price 75c. per bottle. It is when we are most helpless that Christ is most willing to help us.

cent. pure. Made of Borax. It floats. Costs same as poorer floating soap. Worth more. f all this is true you need it. Order one cake of your grecer, you'll want a box next. The sparkle in the wine is made by one of

the devil's sharpest teeth When You Come to Realise that your corns are gone, and no pain, how grateful you feel. The work of Hindercorns. 15c

It is a long step toward heaven to be born in a home where Christ is loved. We think Piso's Cure for Consumption is the only medicine for Coughs.—Jennie Pinckard, Springfield, Ills., Oct. 1, 1894.

One of the hardest things for some men to forgive is a difference in creed. "BROWN'S BROACHIAT, TROCHER" ATO UD-

equaled for c'enring the voice. Public speakers and singers the world over use them. The man who serves the devil has to begin his day's work before breakfast.

ESDRAS.

The A. B. O. of Esdras is a Secret Beneficial Organization and desires to extension tend its benefits to every colored man, woman and child in the United States. plans are simple and easily understood. Its financial backing is the strongest of any other organization of its kind. Its fees are less than those charged by other orders of the same character and type. Its benefits are greater than any other secret beneficial organization on earth. Its opportunities are greater, and its facilities more attracting than any other order known. It is the best order of its kind in existence, as its inducements and attractions

are superior in quality to all others, and therefore worthy of recognition. It is conducted upon business principles, and offers special inducements for a few months. The excessively low rates to join are special features open only for a limited time, and all should take time by the forelock, and join at once. Cost of joining Secret Department \$1.50, Beneficial Department (open to all classes in all cities) 10 cents. 'eople from distant points can become members by remitting to the Central Office 60 cents. Dues 50 cents per month to both Secret and beneficial alasses, 25 cents widow dues, 24 cents per year annual dues.

BENEFITS.

Members when sick receive from three to five dollars per welaccording to age and time in the order; if all dues are paid ung to the rules governing lick members. Books of the rules ap regulations can be had at any of the offices or meeting. Evry member should have the Book of Rules as their guide.

Dues received am receipted for at the CENTRAL OFFICE or at either of the branch officest
