Wayside Inn for Geese. Years before the war Daniel Scott, the owner of "Scotlands" plantation, in Albemarle county, Virginia, began the custom of feeding flocks of wild geese each apring and summer on their semi-annual migrations. The custom has continued to this day, being kept up by the descendants of Mr. Scott.

Spectacles of Long Ago. An interesting collection of spectacles is that possessed by Mrs. Wesley Williams of Bowdoinham, Me. More than 100 years old, these curios were the one-time property of the women of Bath, who were forced by destitute circumstances to seek refuge in the almshouse. Many are of odd pattern, with side lights and extension bows. Another valuable souvenir owned by Mrs. Wesley Williams is the sword great uncle, Col. Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence Ifully endorse it." - Mrs. R. A. Anderson, 225 Washington St., Jack-

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says:

"DEAR MRS. PINKHAM: - I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Com-"I have been a great sufferer with female trouble, trying different doctors and medicines

with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, painitation of the heart, and was very nervous: in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkhani's Vegetable

Compound to all suffering women." When women are troubled with irregular or painful menstruation, weaktess, leucorrhœa, displacement or ulceration of the womb, that bearing-down eling, inflammation of the ovaries, backache, flatulence, general debility, adigestion, and nervous prostration, they should remember there is one tried ad true remedy. Lydia E. Pinkham's Vegetable Compound at once emoves such troubles.

The experience and testimony of some of the most noted comen of America go to prove, beyond a question, that Lydia E. linkham's Vegetable Compound will correct all such trouble at nce by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, lass, as thousands do. Her advice is free and helpful.

No other medicine for women in the world has received such widepresd and unqualified endorsement. No other medicine has such a ecord of curts of female troubles. Refuse to buy any substitute.
