Made Sound by Eating Grape-Nuts. Proper food nourishes every part of the body, because Nature selects the different materials from the food we eat, to build bone, nerve, brain,

muscle, teeth, etc. All we need is to eat the right kind of food slowly, chewing it well-our digestive organs take it up into the blood and the blood carries it all

If some one would ask you, "Is Grape-Nuts good for loose teeth?" you'd probably say, "No, I don't see how it could be." But a woman in Ontirio writes:

"For the past two years I have used Grape-Nuts Food with most excellent results. It seems to take the for Mr. John M. Dinan, contested place of medicine in many ways, builds up the nerves and restores the health generally.

"A little Grape-Nuts taken before

retiring soothes my nerves and gives ' sound sleep." (Because it relieves irritability of the stomach nerves, being a predigested inod.) "Before I used Grape-Nuts my teeth were loose in the gums. They were so bad I was afraid they would some day all fall out. Since I have , bothered any more with loose teeth. "All desire for pastry has disappeared and I have gained in health,

weight and happiness since I bega:

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

An ounce of grease is sometimes the only difference between profit and loss on a day's teaming. You know you can't afford a dry axle—do you know as well that Mica Axle Grease is the only lubricant you can afford? Mica Axle Grease is the most economical lubricant, because it alone possesses high lubricating property, great adhesive power, and long-wearing quality. Hence, the longest profitable use of your outfit is to be had only when the lubricant is Mica Axle Grease.

Mica Axle Grease contains powdered mica. This forms a smooth hard surface on the axle, and reduces friction, while a specially prepared mineral grease forms an effective cushioning body between axle and box. Mica Axle Grease wears best and

longest—one greasing does for a week's teaming. Mica Axle Grease saves horse power—consequently saves feed. Mica Axle Grease is the best lubricant in the world—use it and draw a double load. If your dealer does not keep Mica Axle Grease we will tell you one who
