It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise ' .housands healed by its use.

In the strictest sense "Goiden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

A BLUFFER ALWAYS.

Oversupply of Alcoholic Stimulants Disturbed Schedule of Funeral Arrangements.

Dean Ramsay's memoirs contain an anecdote of an old woman of Straths. pey. Just before her death she solemnly instructed her grandnephew: "Willy, I'm deein', and as ye'll hae the charge o' a' I have, mind now that as much whisky is to be used at my funeral as there was at my baptism." Willy, having no record of the quantity consumed at the baptism, decided to give every mourner as much as he
