# TRIBUTE TO THE LATE DR. R. F. BOYD

## A White Southern Newspaper Believes In a Fair Deal To The Negro.

Nashville, Tenn., Aug 5.-Commenting upon the death of Dr. R. F. Boyd, who died here July 20 the Nashville Tennessean and American, the oldest Associated Press daily in Tennessee in its editorial columns had the following:

"Dr. R. F. Boyd did more, perhaps, for the advancement of medical education among Negroes than any other member of his race, and the large attendance of prominent men, both white and black, at his funeral yesterday showed the high esteem in which he was held.

"Through his own efforts Dr. Boyd acquired an education and attained an honorable position in the medical profession.

"Of recent months, Dr. Boyd had been especially active in the Nergo Board of Trade, which is conducting a city beautiful association and has recently inaugurated the planting of vacant lots in potatoes. This was the sort of effort for which Dr. Boyd cared most. He believed in helping others to help themselves, and was constantly working for the betterment of sanitary and housing conditions in this

Editorials have appeared in the columns of this paper on numerous other occasions within the past several months which were regarded as dealing exceedingly fair and just to the Negro.

It has a Negro staff reporter, whose duty it is to secure all news which will tend toward the uplift of the Negro race in general, and in the words of the paper itself, "to remedy any condition, found among the colored people that is not wholesome, and as far as is practicable, aid them in their moral and spiritual uplift, our ROOSEVELT HAS NOT idea being that peace and good will between the white and colored people of our Southland will earn

the salvation of all." As a result of the course which this paper is now pursing towards its colored readers it has the largest circulation among colored people in Nashville than has ever been known to exist by a white publication and four hundred colored newsboys are employed to deliver it to colored subscribers.

CADET OFFICER

"I regard the Tuskegee Institute as the most considerable educational invention of modern times," writes Prof. W.I. Thomas, Professor of Sociology in the University of Chicago.

Industry is the spirit of Tuskegee-industry and discipline are made of habit. The choice of some 40 trades is offered young men and young women. Tuskegee graduates are earning from \$50:00 to \$80.00 and \$100.00 per month as Academic Teachers, Farm Managers, Steam and Electrical Engineers, Tailors, Teachers of Domestic Science, Nurses, -in fact, the demand for men and women trained in all the trades at Tuskegee is far beyond the supply.

The Academic Work is vital and real; it is close to realities. The school seeks soundness and efficiency; the Academic and Industrial Work are closely corre-

The Spiritual Work of the school is strong. It ranks fifth in the United States in number of students studying the Bible. It is guided by a Chaplain and a Secretary of the Young Men's Christian Association and thru a Bible Training School.

What is your child doing these Summer months?

What are YOU doing to start that child on the way toward a Successful Future?

Why not let us start him in business?

You should early start your children on the way to the making of successful business men and women, and there is no better way than by teaching them how to earn their own living-the value of a dollar-and taking upon themselves a part of the responsibilities that will tend toward the development of those qualities of thrift, ambition and self-reliance, that so mark the present-day man of affairs. And there is nothing that will so develop these qualities as selling newspapers Some of the most successful men and women in public life started out in that way, and today they would not take in exchange all the wealth they possess for the experience gained during those happy childhood hours when they were vending newspapers on the streets.

THE AFRO-AMERICAN-LEDGER is more and more and more becoming recognized as the real home paper among colored people everywhere. Our circulation is increasing every week, and it is largely through the efforts of our young salesmen who start out every week with a bundle of papers under their arms, that this increase is made possible.

We want more boys and girls in every section of the country to act as our agents. We want men and women too. but we are particularly anxious for the youngsters. There is a wealth of experience and a very good income for the boy and girl who will devote a few hours on Friday afternoons and a part of Saturday to selling THE AFRO-AMERICAN LEDGER. It is easy to build up a good circulation in your neighborhood that will in a short time more than pay you for your trouble. We will give your boy or girl a star ABSLUTELY FREE
