# WASHINGTON F HIGHER EDUCA

Educator Doe

Believe in Curtailment Higher Educational A vantages

Dr. Washington's Posi Clearly defined on Ma Occasions

BIGGS NOT FOLLOW

HIS IDEA

That Booker T. Washing in favor of the curtailment higher education of the ra claimed by School Commis Biggs, is not bourne out published views of the notes

Mr. Biggs, who wants the emic curriculum of the ( High School curtailed, co that Booker T. Washington in his views of education f Mr. Washington's may be briefly summarized

That while he believes in trial education for prepari masses for economic efficier. also strongly believes that t dustrial masses need highli cated men for physicians, te ministers, business and leaders. In an article on "l ity Education for Negroes' lished in the New York Inc ent for March 24, 1910, Dr. ington praises the efficient that Fisk University, loca Nashville, has done for the

training of the race. PRAISE FOR FISK

Dr. Washington says in

"Throughout the South other parts of the country as the colored people cherish a ing of love and even reveren Fisk University that is not ally understood by the rest world. It is a great reputa have gained that sort of a tion among the people for it exists.

Fisk has in this respect, a tion advantage. I have been ful to note how highly the w this school is esteemed by the people in Nashville and thro the State. I have never h white person in Nashville sp any manner but the most fi way of Fisk University. tween the Southern white in Nashville and Fisk Univ there is little or no race and their relations do not. sometimes the case elsewhere stitute a special problem tha to be considered and soive have been to Fisk Univers public occasions when I have every inch of space in the au ium crowded by the best people of Nashville. This needs to be considered in es ing the value and usefulness

"Fisk University, because work it has already done, ar cause of the high place th holds in the hearts of the c people, is in a position whe its work could be enlarged an fected, could and should be of greater service in the future it has been in the past.

"In looking over the list of graduates, I find that conside more than half os them have out into different parts o South as teachers. Some of strongest men who are leade education, reglious work an
