What's the use of having Good Water to drink if you don't have Sanitary Drinking Cups

In the Lodge Room, the Church, the Dance Hall and other Public Places You use the common drinking cups that are used by everyone else. If you ever stopped to think you would realize just how unhealthy it is. The mouth--that sensitive organ—should be protected by the use of

SANITARY DRINKING CUPS

Keep the germs out of your mouth. Don't put your lips on the cup that everybody uses, the cup that has been allowed to stand and collect all the dust and dirt in the room—that is often the common drinking vessel for every living thing in the room-flies, ants, misquitoes, candle bugs, roaches, mice, etc. Let your motto be
