YOUR BACK-LOT GARDEN attend as it was to plant. It requires not escape, and allow the meat than the vegetables in spite of all that thickened in the pan or dish. we can do that we become discouraged, and wonder it is worthwhile.

There are many things to fight besides weeds, as this letter from one my readers will testify, so I will let vania Avenue A. M. E. Zion Church you read it for yourself. ground and I guess I would not have for the help it rendered. birds away. It looks real funny, just morean are sorry to see him go. like a line full of doll clothes, but it | proved effective and my lettuce looks lovely and my peas are in bloom; my cucumbers came up nicely but the bugs ate them up, so I planted some more and covered them with boxes, that I had tacked mosquito netting over as you suggested, and they are doing fine. Will you please tell me if

it is too late to plant tomato seeds as yet, because those that I sowed were not good, as not one came up? Is it too late to plant bunch and pole of the local late to plant bunch and pole of the local line of the lo and carrots? We live in space for a garden, but we never made a garden, until this summer, and mother says she only knows how to raise flowers and not too much about them, and papa does not know plant anything. Thanking you in advance for your information,

Dear little girl:—I am glad you have stuck to your garden. It is hard work and at times very discouraging but when things are ripe and we can usually so proud of the results of our labor that we forget to think abou the hard work. Everything worthwhile means hard work, and the ol saying, "If at first you don't succeed, try, try again," means gardening as well as everything else. It is too late to set out tomato plants, if you can i buy some. They are for sale at most servatory dining room, where one ha. from farmers or people who do amasafest plan is to buy the plants in the beginning, as tomato plants for early or late tomatoes should be planted in Board, \$8.00 per week. the house in March or in hot beds early in April, and then when the

each pot or can, and set in a sunny window and kept tended carefully, and set out in the open ground when all danger from frost is over. It not too late to plant beans of any kind if you plant them immediately, bunch beans can be planted up until the last of June, and the early black Mildred Louise Talk of Interest wax can be planted as late as the 10th of July, as it is fit, for the use in six weeks from planting. Carrots can be not mind the frost and where the winters are not very cold, can be left in the ground all winter and dug out' as wanted. The season up here is ' short and I usually plant my cucumbers for pickling the 21st of June, but they can be planted where you are up until the 30th of June, with good
