The Issues of the Campaign. Asks for the vote of men of the 17th Ward on the Strength of the Facts Herein sp Presented.

The primary campaign will soon be over. The voters of the city general, and of the Seventeenth Ward in particular, have had presented to them a full and free discussion of the vital interests' of the whole city, by those seeking the highest political office withir the gift of the people. In addition to that, the economic, political and educational needs of the colored citizens have been clearly stated so that all those who are really interested in the determination of our people to play their full part in every forward movement in whic' our city may be engaged, might see the situation clearly.

As a candidate for the councilmanic nomination from the Seven\_ Mrs. Susie R. Ray, of 1437 Myrtle teenth Ward therefore, I have declared my position on all these issues

I believe in a 'forward looking' Baltimore, pushing ahead in business and commercial life, and I pledge myself, if elected, to employ my best talents in helping to bring about this condition.

I believe in larger opportunities for colored citizens in the economic, commercial and political life of our city; and I pledge myself, if elected, to promote and champion any movement looking to the realization of that end:

I believe in good school buildings for all people, adequate salaries for teachers, and a suitable, commodious, well equipped high school building for colored children, so that they may have a fair chance along with the other youth of this city in their efforts to secure a good education. This is a matter that ought to concern every colored citizen of Baltimore; and I pledge myself, if elected, to work without ceasing, until this aim has been accomplished:

I believe in a fair chance for all men of every color, race and creed, and I pledge myself, if elected, to fight every effort at discrimination, and to back every movement looking to larger civic and political justice. I believe firmly in the doctrine of the great American: 'All Men Up, Not Some Men Down."

I was not born in Maryland. No man is responsible for the place of his birth. But I am in every sense a true son of Maryland. Maryland is "My Maryland" by adoption. I married a Maryland girl and Bay, Bartiett and Hayward and stev- am raising a Maryland family and have spent the best years of my educes as well as business and pro- life in this State. In fealty and devotion to the best interests of our city and state, I yield first place to no man. I have traveled the hard road from want to success right here among my fellow citizens; and if I have ever contributed anything toward the development of my DIVORCED AND MARRIED AGAIN people, that contribution has been made right here. And I pledge myself, if elected, to represent all of the citizens of this Ward, without regard to the clime or country in which, by the Providence of Andrew God, they may have been born. Birth-place counts little, service

I am satisfied to let my own record or participation in the varied

nterests of the community speak for me in this matter: Among the earliest efforts for the building of a new Y.M.C.A. was among the group of men, who in a meeting called at the home of the President, Mr. James W. Hughes, pledged \$100.00 towards the building fund. And when the time came, I paid it. Nor has my interest in the association lagged since. As a member of Bethel Church, and deeply interested in her struggle to get free of debt, in order that she may in a fuller measure serve the interests of the community. I have been a constant contributor week by week, and in addition to that, some time ago, gave \$100.00 to the cause.

During the days when Morgan College was seeking a site suitable to meet its needs and convenient to the city, I gave gladly of my time in the search that was being made, and besides contributed to the fund that was raised by the Citizens' Committee.

As a member of the Committee appointed to welcome the soldiers I have been deeply interested in the plans to extend to our returning boys the heartfelt welcome to which they are entitled in return their great service to humanity.

I am a Mason, an Odd Fellow, a Pythian; I am a member of the Colored Business Men's Exchange, and I am interested in every or. ganization that has as its object the progress of our people along any line. Practice speaks louder than profession, so that I am sure this brief rehearsal of my community ties and interests is a sufficient timonial of the reasonableness of my request for the support of my fellow citizens.

I have confined myself during this primary campagn to the issues involved. I have tried to state clearly the needs of our city, and especially of our own people. I have gladly refrained from personalities or from making any statement that would directly or rectly reflect upon any of my competitors for the nomination, and am sure the voters of this ward, interested as they are in square, open, above, board dealing, will take this fact into account when they go to the polls to express their choice. Voters are interested in issues and pledges, not in insinuations ad persoalities.

believe my training in law, my business experience of many I believe my training in law, my business experience of many years, my knowledge of and sympathy with the needs of our people on Druid Hill Avenue or McCulloh Street costs die street; Stokes and Derry, Druid Hill Ave. and Oxford St.; will make me the choice of my fellow citizens as their representative from the Seventeenth Ward. I pledge them the best that is in me, and I ask in return their overwhelming vote of confidence.

WILLIAM L. FITZGERALD.

For the Second Brauch City Council of the Fourth District, comprising the 17th, 18th, 21st, 22nd, 23rd and 24th Wards. The Colored People's Choice is C. Henry Bischoff

Don't fail to vote for him at the Primary ON APRIL 1st, 1919 This is the first opportunity for the 17th Ward to elect

A Word of Advice For Our Race's

a resident voter from the Ward.

The complex situation, as regards the success of electing a councilman from the two wards, that ought to be represented by men of our race, is becoming a very serious matter. The colored citizens the 14th Ward are to be warmiy congratulated upon the unanimity in backing such a splendidly equipped citizen as is Mr. Warner McGuinn for the Councilman from that Ward.

But it is to be seriously regretted that our people in the Seventeenth

Ward failed in a similar endeavor. Because of the actual situation in that ward. As a public man, having many friends in that Ward, I feel it my distinct duty to say a word in the interest of race harmony, for the general election that is to follow. So far as we know, or believe, either one of the contestants running in this Ward, would make an efficient councilman if elected. And it is hoped that one of them will be elected in the general election. But the utterances of at least two of the contestants that appeared in print last week, are not only calculated to hurt themselves, likewise to stir up such a feeling, that will render it difficult to unite all contending forces after the primary is ower, in the interest of the successful candidate. It because of this unpleasant situation that I write to urge all who value race pride and racial welfare, not to be influenced in the least, by the nonsense proclaimed with respect to the support of the candidacy of Mr. Fitzgerald by Mr. Thomas R. Smith, who is reputed to be a Democrat. Instead of using it to the disadvantage of Mr. Fitzgerald, it should be greatly to his advantage that despite the fact that Mr. Smith belongs to the democratic party, yet his interest in aiding the election of his brother-in-law is that he, Mr. Smith, finds pleasure EYES EXAMINED FREE

in exerting the fullness of his influence in that directon. am far from being in love with the business persued by Mr. Smth, but he has the same right to engage in any legitimate business as any other man has. And because he is the proprietor of a hotel, and a bar attached therto, is no reason he should be slandered, any good honest cause than Mr. Thomas R. Smith. Everybody who knows Tom Smith, as he is commonly known, but what will cheerfully bear witness that few men have in them a more philanthropic hear! than Mr. Smith has.

I am not speaking for Mr. Fitzgerald, because I had made up my mind not to have one word to say for any of the candidates, since consider them all my friends. And as I have said, now, I am not speaking for or against either. But in plain justice and right for the voters of the17th Ward; and say to them, vote for whom you are persuaded will make the best councilman. But in the name all that is just and right, do not refuse to vote for Mr. Fitzgerald b cause his brother-in-law is a black man and happens to be a Demo crat, and he has a right to be of whatever political faith or leaning crats oftimes do for their Republican friends.

And now let me admonish each voter to refrain from further slang, and see to it that nothing will be said, or done, that will deprive the successful candidate from receiving the full support all the voters at the general election in May. I am faithfully and fraternally yours JOSEPH P. EVANS.
