COLORED WOMAN'S LETTER Dear Madame:

I have put off writing you for sometime to tell you of the great amount of good your wonderful preparation did for my hair. childhood up I was troubled with my hair, it was always so short, unusually kinky, and would fall out. My scalp was also covered with dandruff. saw your Grower advertised one day and bought a box, used i and it certainly acted like a charm. From the start my hair began to grow, and after a while at the end of every month it would be nearly an-inch longer. My dandruff has disappeared. now use Lady George as my regular dressing, and I tell all my friends about it who admire my hair. I certainly am grateful to you for the good it has done me.

Yours sincerely, (Miss) ELSIE STEVENS, 917 W. Lexington St.

Remember only good things are imitated.

No matter what preparations you have been using, don't you think from the above letters that Lady George's Superior Hair Grower is worth a trial? That's all we ask. After trying, you will be a constant user.

The Dentists and Druggists who will be solicited were selected by the Directors of the Company because of their progressiveness and the great advertising value that their connection will mean in the distibution of this exceptional dentifrice to the race throughout the Unied States.

The demand for the Welters' Tooth Powder has grown so tremendously during the past six months that their manufacturing facilities are entirely too limited and has forced the management to make immediate arrangement for their larger plant to be erected in Baltimore, toproperly care for the increased business. Not only in the United States has their demand greatly inceased, but in England, France, Cuba, British Indies and other foreign points.
