Philadelphia Society Woman Obtains Marvelous Results by using

PERFUMED.

Wouldn't it be discouraging to you, after a long illness, to lose your hair? Experience is the best teacher, therefore, read how this well known Philadelphia woman was saved from this awful experience.

DEAR MADAME:

As a matter of justice, I feel indebted to write and tell you how sincerely grateful I am for the splendid results I obtained from the use of your excellent hair preparations. In the fall of last year (1919) I was seriously ill with typhoid fever, and after recovering from same I was unfortunately attacked with influenza. For three months I was confined to my bed with these two deadly maladies. On recovering I was confronted with the awful task of restoring the growth of my hair, which had practically all fallen out.

I sought the advice of my physicians, but the preparations they prescribed had no effect. I then began the use of advertised hair tonics, growers, pomades, etc., and no benefit was derived from them. One day, a friend of mine, who knew of my misfortune, happened to be in Baltimore, and saw your preparation advertised. She bought a box and gave it to me.

At first I massaged my scalp with it thoroughly every night for a month, and at the end of this time I could see hair beginning to come out all over my scalp. I was tickled to death, and wrote you for three more boxes, which were promptly sent me. During the second and third months I could almost see the hair moving. Your grower seemed to work like a miracle. I continued with this treatment for a few more months, and then my hair had grown long enough to dress and put up in my usual

I cannot recommend and praise Lady George's Hair Grower too highly, feeling confident it will give anyone the same splendid results that I received from its use.

> ETHEL FLETCHER. 820 W. Oxford Street, Philadelphia, Pa.

The above letter is but one of the glowing tributes received from users of our preparation. We cannot conscientiously, claim to do more than it has done for this woman, except to strongly urge it's use as our REGULAR HAIR DRESSING.

ed five years ago with a capitalization of \$5,000.00 with stock sold at \$10.00 per share, is now a corporation, capitalized at \$100,000.00 with NO SHARES FOR SALE AT ANY PRICE, yet it is understood that small number of shares have been donated by some of the larger stock holders for certain Dentists and Druggists whose names have already been listed, and will be called on personally in the near future by the President oftheCompnay.

The Dentists and Druggists who will be solicited were selected by the Directors of the Company because of their progressiveness and the great advertising value that their connection will mean in the distibution of this exceptional dentifrice to the race throughout the Unied States.

The demand for the Welters' Tooth Powder has grown so tremendously during the past six months that their manufacturing facilities are entirely too limited and has forced the management to make immediate arrangement for their larger plant to be erected !
