

17 Lt. Cherhoke ³⁵

My dear Mina

we have had another battle
James as usual gained credit -
we have lost my good friend the
General he was shot by the first
discharge - he was truly an
excellent man I had the most
sincere regard for him, his body
is on board the Royal Oak (and it
will be sent to Hellipex),
we found Baltimore to strong for
our small force - I had only
sighted Pass on how when
the journey were discovered
