

My dear Clementina

(24)

Capt Crofton was  
prevented sailing to day by bad  
weather - I write you a very hurried  
letter but I believe I told you all,  
except that I have made some  
only that I have made some  
give money, therefore dont start  
yourself, if our credit is out  
at Coats, apply to Sykes,  
If the question is ever put to  
you whether I should have any  
objections to return home - say  
No - on the contrary he will  
be well pleased to be recalled.  
I suppose I shall tire of the war  
if it continues long -
