

service I shall vote, myself, that I
are deserved well of my country
shutters thus think. I dont like
my present ~~instruments~~ so well as
my last, Brook is a vain weak
man, not fit to command this
Army - my friend Hardy is with
me daily, he is a man that you
will like, between ourselves he
is ill matched - his fortune is
small ~~much~~ and she likes Lord
I foresee that they cannot be happy
together, she would have made a
~~good~~ wife to me of another
stamp. I like him and so does
every one and I feel for him
