

but it cant be helped. I wish the first ³⁶
day that you are in the City that you
would go to Donkin Hall and gamble
I amed for preserving meat in Tom Ceres
it is excellent - and I wish I deserve
them to send me eighteen Ceres
from 4 pounds to 10 each - well
peck'd and fresh - It is the best thing
I ever tasted cold - deserve them to
send with it their instructions for
using it - If you have not tried it
take a new home - Cor. meat is
the best but I like variety -
ever yours
