File No. 1254.

CORRESPONDENCE.

DEPARTMENT OF PUBLIC SAFETY--IMPROVEMENTS,
SUB-DEPARTMENT OFFICE INSPECTOR OF BUILDINGS,
CITY HALL.

Baltimore, June 16th, 1904.

Hon. W. Cabell Bruce,
City Solicitor.

Dear Sir:-

Parties have been to see me regarding buildings in the area.

of the Dock Improvements. One this afternoon stated that he had been
to the Burnt District Commission, who said to him that it would probably
be next spring before they would want his property and referred him to
me about building.

I do not know that I have the authority to refuse a permit for any application made in conformity to building regulations, but the building of houses there, will only increase the amounts the City will have to pay.

Will you kindly advise me about issuance of permits in this district.

Respectfully,

(Signed) Edward D. Preston,

Inspector of Buildings.
