Hon. W. Cabell Bruce, City Solicitor.

Dear Sir:-

Application has been made to this office for a permit to enlarge Franklin Square Hospital.

The owners of this have contemplated the addition for some considerable time, and has been generally known by property Owners in the vicinity and owners of property have come to me with the statement that such improvements would invalidate the City's right to Franklin Square.

I respectfully refer the case to you for instructions, and would say that whatever legal difficulty there may be is made by or known to.

Yours very truly,

(Signed) Edw. D. Preston.
