

File No. 5765 Continued.

OPINION

LAW DEPARTMENT.

Baltimore, January 15, 1907.

A. S. Goldsborough, Esq.,
Chief Clerk of the First
Branch City Council.

Dear Sir:-

4290

I return herewith the sketch which you handed me of the proposed ordinance relating to the running and establishment of the lines and grades of proposed streets or alleys by the Topographical Survey Commission or the City Surveyor, and to other kindred matters, and I accompany it by a report from Mr. Albert C. Ritchie, Assistant City Solicitor, to myself, in which he reaches conclusions adverse to such legislation, which I entirely concur with after the fullest discussion of the considerations involved with Mr. Ritchie, and after giving these considerations the closest personal reflection.

4291

If you had had the frequent occasion that I have had to go over the ground covered by this proposed ordinance, and were as familiar as I am with the special circumstances in which it originated, I am sure that you would experience no difficulty in reconciling yourself without hesitation to the conclusions which I have reached.

Truly yours,

(Signed) W. Cabell Bruce,
City Solicitor.
