

File No. 7958 Continued.

CORRESPONDENCE.

SEWERAGE COMMISSION
OF THE CITY OF BALTIMORE
CHIEF ENGINEER'S OFFICE
AMERICAN BUILDING.

Baltimore, May 4th, 1908.

My dear Mr. Bruce:-

6120 I hesitate to trouble you about my letter of May 1st, regarding your opinion as to whether the bid of T. J. O'Connell on Section 2 of the East Low Level Interceptor is irregular. As I am anxious to report to the Commission tomorrow, in order to get the matter before the Board of Awards on Wednesday, I would be very glad, if convenient for you to let me hear from you as soon as possible. If this bid is irregular enough to be thrown out, I will have to investigate the standing of the next lowest bidder, which I have not done as yet as I do not care to do so until necessary.

Yours truly,

(Signed) Calvin W. Hendrick,
Chief Engineer.

File No. 7958.

OPINION.

LAW DEPARTMENT.

- Baltimore, May 4th, 1908.

Calvin W. Hendrick, Esq.,
Chief Engineer,
Sewerage Commission.

Dear Sir:-

6121 I reply to your letter of the 1st and 4th instant with regard to the bid of T. J. O'Connell on Section 2 of the East Low Level Interceptor. The question submitted to me was of such a nature as to make an immediate reply impossible. You will understand that legal questions of this character require careful consideration, and you may rest assured that this consideration is usually given by this office as speedily as the circumstances will allow. I enclose a copy of a report from Mr.
