

File No. 9679 Continued.

CORRESPONDENCE.

& Stone Company, H. B. Shipley, President, and from Mr. W. R. Della, 1316 Hanover street, and from the United Surety Company.

The National Sand & Stone Company had a contract for the removal and final disposition of non-perishable waste, contract dating from August 8, 1908 to August 8, 1909. The National Sand & Stone Company desire to transfer this contract, and, you will note from the enclosed letters, the United Surety Company are willing to transfer their bond.

As this is the first experience of this kind I have had, I do not know exactly what steps are necessary to have this arranged in proper legal form, but can see no objection to this, and as soon as the necessary papers are prepared I will give my consent in writing to the interested parties, as the specifications call for.

In addition to the letters, I herewith enclose my copy of the specifications, contract and bond under which these people are at present working.

Very truly,
(Signed) J.L. Wickes,
Commissioner.
