

File No. 9738 Continued.

CORRESPONDENCE.

point, an order for which work has been given by this department.

Yours very truly,

(Signed) Robert J. McCuen,

Superintendent, Lamps and
Lighting.

File No. 9738.

CONSOLIDATED GAS ELECTRIC LIGHT AND POWER COMPANY,
BALTIMORE, MD.

Baltimore, March 15th, 1909.

Sewerage Commission of the
City of Baltimore,

Mr. Calvin W. Hendrick,

Chief Engineer,

American Building,

Baltimore, Md.

Dear Sir:-

7287 Referring further to your notice of February 18th, requesting the removal of pole at the northwest corner of Chase street and Colington avenue, would state that we have been requested by the Superintendent of Lamps and Lighting to make this change. We are agreeable to doing so, provided your Commission will assume the expense of labor involved, which we estimate will amount to \$8.90. Upon notice from you that you will reimburse us for this amount, we will proceed with the changes at once.

Yours very truly,

(Signed) William Darbee,

Assistant General Manager.
