City Solicitor Poe,
Court House,

In re change of name of United Engineer-
ing & Construction Company.

Dear Sir:-

9390

The United Engineering & Construction Co. of Baltimore City, with whom the city has a contract for the construction of an intercepting sewer, is desirous of changing its corporate name. The reason for this is that it has ascertained that there are a number of corporations with almost identically the same corporate name, resulting in endless confusion in correspondence and business in general. Being a very young corporation, they wish to change their name immediately, before they acquire any good will under the present name. They have requested us, therefore, to write to you in order to find out whether or not the city has any objection to this change, in view of the circumstances above mentioned.

Yours respectfully,

(Signed) Semmes, Bowen and Semmes.
