Dear Sir:-

9471

In answer to yours of August 1, regarding property of Mrs. Marie Metzler, 104 S. Duncan alley, will say we do not see how we are in any way responsible for damage to her property. We, realizing the bad and rotten condition of walls of building, had braces and props placed across from her building to the one on the other side of alley before opening ditch, and then braced our ditch in the most careful and secure manner possible. We used every precaution, so have to claim that we are not responsible therefor.

Yours truly,

D. V. AULT & CO.,
