File No. 13606

Baltimore, December 18, 1911.

H. K. McGay, Esq.,
City Engineer.

Dear Sir:

10124

Further referring to your letter of December 8th, with reference to the re-paving of Roland avenue by Warren Bros. & Co., I beg to advise you that both the Warren Bros. Company and the Railways Company are liable to the City. Therefore, the proper course is to notify both, and if neither one does the work within a reasonable time then the City should go ahead and do it and keep account of the cost, and turn the bill over to me and I will sue them both for it.

Very truly yours,
(Signed) S. S. Field;
City Solicitor.
