from a hospital to a residence or from one residence to another as the case may be, then Section 187 applies and the permit provided for in that Section must be obtained.

I do not therefore, believe that the Commissioner of Health has the right to issue instructions authorizing hospitals to deliver bodies of persons dying in said hospitals to undertakers without obtaining the permission of the Health Department as required in Section 187.

File No. 25600

Baltimore, November 12, 1919.

Mr. Bancroft Hill,
Harbor Engineer.

Dear Mr. Hill:

Section 36 of Ordinance 293, approved April 10th, 1909, regulates the speed of vessels in the harbor. This is the section no doubt to which you refer.

I can find no record in this office showing that the case has been tested and I would treat the ordinance as one of binding force and effect.

Respectfully yours,
(Signed) Roland R. Marchant,
City Solicitor.
