Mr. Walter F. Perkins, Chairman
Airport Board
Department of Aviation
Friendship International Airport
Baltimore, Maryland

Dear Mr. Perkins:

This will acknowledge receipt of your letter of the 17th instant requesting advice as to the position the Airport Board should take in the matter of serving alcoholic liquors to negroes by Al Green, the concessionaire at Friendship International Airport.

You state you have been advised that "The Liquor License Board of Anne Arundel County prohibits the sale of liquor to white and colored persons on the same premises." This office has been advised by counsel for the Board of Liquor License Commissioners for Anne Arundel County that the prohibition to which you refer applies to the sale of alcoholic liquor to negroes in the same room where white persons are served.
