To the Honorable, the Judges of the Orphans Court of Baltimore County.

The Petition of L. Tenkle Wallis, administrator of ~~Thomas~~ Richard Emory, late of said County deceased, respectfully represents That his intestate cultivated, in his life time, a farm, the sole & separate property of his wife, with four men & two women, the property of his wife, & three men belonging to himself.

Your Administrator is ignorant what proportion of the crops found on said farm, at the death of his intestate, he ought, under the circumstances, to treat as assets of his estate. And desires, for his own protection, to act, with a due regard to the rights of all parties interested therein, under the direction of your Honors, in the premises.

Wherefore he humbly prays that your Honors will pass an order directing him what proportion of said crops he shall have appraised and return in his inventory of said estate & he will ever pray &c.

Thos Thomas
Atty. for Petr.
