Morgan senior attends Yale

Miss Joanne Veal, senior English major at Morgan State College, attended Yale University this summer as a part of the Harvard-Yale-Columbia Intensive Summer Studies Program.

Jointly conducted by these three institutions with the support of the Carnegie Corporation of New York, this newly established program is designed to identify and train undergraduates who are interested in and qualified for graduate study.

From among the 107 students selected from predominantly white and predominantly colored southern institutions, 62 were assigned to Yale University.

Miss Veal will receive a grant of $500 to defray expenses for the 1966-67 academic year at Morgan.

Closed-housing developers may lose permits

Mayor McKeldin has asked the city Law Department for a ruling on whether builders of segregated housing developments can be denied building permits.

The target of the issue is in the 3300 block Brighton St., known as the Gwynn Crest Towers, now under construction. The project is owned by realtor Edward A. Myerberg.

Spearheading the attack on the development is a group called Activists for Fair Housing, formerly with CORE.

The Activists have also charged that Mr. Myerberg has refused to rent to colored but is "overcrowding" the black ghetto by his Brighton street building.

The building blocks an alley at the end of Brighton St.

The housing group has asked that the Bureau of Building Inspection be abolished because colored taxpayers' funds are used to support this and other departments operating in conflict to the Activists' interest.

the switch is to SICKLES

Atty. ARCHIE WILLIAMS, Candidate for Comptroller announces "I'm for Sickles" as he leaves Pierpont slate.

HERE'S WHY:

Attorney Archie D. Williams, the only colored person to file for a State-wide Democratic nomination, gave up his race for State comptroller on August 30th in order to aid the candidacy of Congressman Carlton Sickles for governor.

Mr. Williams had been on the ticket of Dr. Ross Pierpont. He said that he came to the conclusion that Dr. Pierpont had little chance of winning and that he would prefer to spend the rest of the campaign working for Carlton Sickles.

"This is a decision that I made on my own," he said, "Nobody asked me to do this. I am concerned by what is best for our state, and Mr. Sickles is far and away the best candidate for the State of Maryland.

the switch is → to SICKLES

AND HERE'S THE SICKLES POSITION ON STATE JOBS FOR COLORED PEOPLE:

Carlton Sickles is no Johnny-come-lately to the cause of racial equality. For twelve years he has been in the forefront of the fight for equal opportunity. His commitment is not to any individual for a special privilege or a special job, it is a commitment to the people. He believes that there are a great many members of the Negro community who are well qualified to hold highly responsible positions in State government.

In his administration there would be no discrimination against them and they will be able to get jobs on the same basis as everyone else. The Sickles Administration will not go in for "tokenism;" it will provide equal opportunity for all.

Del. Mitchell shown hearing the story of City Employees Robert Heath, Wilbert Savage, and Sylvester Jackson of the Bureau of Parks, who were suspended. Among their complaints were (1) layoffs without pay on rainy days, while white employees were given inside duties with pay; (2) 2 colored workers were assigned to carry heavy pipes and 4 white workers were assigned to carry the same piping. Through Del. Mitchell's intervention, they were reinstated with back pay.

Del. Mitchell meets with 200 employees of Social Security Administration where there are 3,000 colored among 13,000 employees.

With Dr. Furman Templeton of the Urban League, Del. Mitchell succeeded in getting the Administration to appoint secretaries, nurses, a full-time physician, clerks, laborers, chauffeurs gain better pay and working conditions.

He is still working to bring about further improvements.
