Western Ambrosia

Golden cling peach slices and tender pitted prunes combine with traditional oranges and coconut to make an economical and special holiday Ambrosia. Try it for a refreshing end to a rich holiday dinner. Or as something quick and special for a family dessert.

Western Ambrosia

1 can (29 ounce) cling peach slices
3 navel oranges
1 cup pitted prunes
2 tablespoons sugar
1 cup flaked coconut

Drain cling peaches well, reserving syrup for use as liquid in gelatins. Peel oranges and slice into rings. Cut up pitted prunes. In glass serving bowl, layer orange slices, peach slices, sugar and coconut. Cover and chill several hours before serving. Serves 8-10.

Week's food economies

Getting ready for the holiday season will often cut short time usually spent in planning and cooking meals. Be it reason or excuse, it can show up as increased food costs to the family, says Virginia McLackin, Food Economist, Cooperative Extension Service, University of Maryland.

Take the time to plan your menus for the week before you go to the supermarket. Watch the newspaper food advertisements for special sales. Try to make use of items in plentiful supply since they usually carry the most attractive price tags.

Recent claims for checking price rises of store brand grocery items should be good news for holding down food costs. Personal preference does influence what you buy if you are looking for a particular quality. It will pay to evaluate and try house brands vs. nationally advertised brands.

Maybe you will be pleasantly surprised to find the lower priced style of pack that suits your needs. You save by using regular pack tomatoes for soups, and stews, rather than peeled whole tomatoes which have to be mashed or cut up.

Does it pay to buy whole style green beans when cut green beans are acceptable and less expensive for the same size can or jar or frozen pack. Use the unit pricing when comparing costs in the store.

December plentiful foods include beef, turkey, dry beans, peas, onions, white potatoes, frozen vegetables, peanuts, walnuts, almonds, raisins and prunes, apples cranberries, D'Anjou pears, fresh citrus, frozen orange juice and table grapes.

There are adequate supplies of pork, chicken, eggs, milk and dairy products, sweet potatoes, canned vegetables and fruits.

Chocolate Raisin Clusters

1½ cups light or dark raisins
½ cup shortening
1 cup brown sugar (packed)
1 egg
2 (1-ounce) squares unsweetened chocolate
1¼ cups sifted all-purpose flour
½ teaspoon baking powder
1 teaspoon salt
½ teaspoon salt
1-3 (one-third) cup milk
1 teaspoon vanilla
½ cup chopped walnut

Rinse and drain raisins. Cream shortening and sugar together. Add egg and beat thoroughly. Blend in melted chocolate. Sift flour with baking powder and salt. Blend into creamed mixture alternately with milk. Blend in vanilla, raisins and walnuts. Drop by teaspoonfuls onto greased baking sheet. Bake in moderate oven (350 degrees F.) about 15 minutes. Remove to wire rack to cool.

Makes about 3 to 4 dozen cookies
