Blocks on the Move

By Arnetta Lottier

The Health Department has crews working in the East Baltimore area trying to show people how to rid their blocks of rats and keep them away. This is an educational program to help people help themselves.

This is the way it works: first, the Educational team goes door to door, telling people to clean up their fronts and backs so the area can be rat proofed.

A Survey Team follows to see if everything has been done to keep rats from returning, and if the area is still clean. The results of the survey go to an Enforcement Team that goes into the area and writes notices to residents who have not kept their place clean. They are given 10 to 15 days to correct the situation or they are fined. If it is necessary the Education Team goes back in the area.

The Health Department is appealing to residents in these areas to join the AFRO Clean Block and have Captains (Captains and Advisors to help keep the areas clean and free from rats.

The streets involved are: 1000, through 1200 N. Caroline St.; 1500, through the 2000 E. Preston St.; 1000 through 1200 N. Chester St.; and 1500 through 2000 E. Eager St.

The AFRO Clean Block Campaign is also appealing to residents in these areas as well as other areas to join the Campaign since we are all working toward cleaning up the city, riding it of rats and beautifying it.

Liven the Parks awards

Winners of the Harlem Park Liven the Parks contest will be announced this Saturday, June 26th at 12 noon in Harlem Square.

Three top winning blocks will receive trophies. Additionally, the three blocks will receive an all day party featuring many recreational programs of the Department of Recreation and parks. Live music will be provided by local rock groups. The public is invited.

The summer Liven the Parks contest will begin on July 1st and will last through the end of September.

This contest will emphasize clean up and outdoor activities such as sports, movies, arts and crafts, programs for the elderly and checker tournaments. Harlem Park neighbors interested in entering this contest, call Ernest Powell 396-5176.

Neighbors say 'No Bill'

The Department of Public Works held their second Work shop at Elementary School No. 18 on David Park Drive, on Monday June 21, 1976. The meeting was held to exlain to interested groups the alternatives recommended for the extension of the Wabash expressway to the southern boundaries of Liberty Heights Ave. or Reisterstown Road.

"No Bill", which means keeping the existing street pattern is what those attending voted for unanimously even before all of the alternatives could be presented.

The meeting was originally scheduled to be held in the cafeteria of School No. 18 to which approximately 400 people had been invited. When approximately 300 people showed up, the meeting had to be transferred to the gymnasium.

Attending with concerned neighbors of Ashburton and the surrounding neighborhoods were State Senator Clarence Blount, State Delegate Victorine Adams, State Delegate Walter Dean and City Councilman Michael Mitchell. The political constituency actively supported the group's cry of "No Bill".

Some in the audience privately stated that they were alarmed that having lost the fight to keep a garbage Transfer Station from being located on the fringe of Ashburton on the Wabash Expressway at Garrison Boulevard, the city would come up with this untimely proposal to further deteriorate the Ashburton and surrounding neighborhoods.

An Ad Hoc Committee was formed to circulate a petition and to take whatever action necessary to support the "No Bill" alternative.

General Elecitric Employee Community Fund of the GE Appliance Park East, Columbia, Md. has Chester Dorsey, Manager of Production Control and Member of Board of Directors, presents a check for $200 to the AFRO Clean Block Fund. This group also presented checks to the AFRO Mrs. Santa Fund, United Fund, Camp Glyndon for Handicapped children. Receiving the check is Mrs. Ida Peters, Clean Block Director and Mrs. Arnetta Lottier, Deputy Director.

Company's Coming

The theme for the AFRO Campaign is Company's Coming. The aim of the campaign is to get blocks in shape so that Captains will be able to fly their flags over the July 4th holiday.

The opening meeting for all Captains, Co-Captains and Advisors will be held June 25, 11 a.m. at McCulloh Homes Auditorium, Druid Hill and Dolphin St.

Information on paint, flowers, movie parties and baseball games will be distributed at this meeting.

How to enroll

Adults, children, black or white, whether living in a city block, a suburban block or a housing project may join the AFRO's Clean Block Campaign.

Help!

The 42nd annual Clean Block Campaign is under way, but it needs financial help from you. There have been many calls from Clean Blockers asking for grass seeds, flower seeds, paint and clean up supplies. We have got to help these people who are trying so hard to clean up and beautify their blocks.
