## -Black pilots

(Continued from Page 4)

secure employment as pilots in other enterprises, such as, lumber companies (log spotters), oil companies (flying passengers to rig locations), and crop dusting firms.

Boone, and his wife, Penny, reside in the Baltimore suburb of Baldwin. Graddy, his wife, Shirley, and their three children, reside in Atlanta.

Each of the men is required to fly 14 days a month, and while this

sounds like an easy work schedule, they agree that flying a commercial jet "can be mentally and physically tiring.

"Sitting long stretches can be physically tiring. The functions of reading instruments and talking on the radio are not physically demanding, but just the sitting can be tiring," Boone explained.

He said commercial airline

physically
ne sitting
to return to work."

gives them a chance to come

Organization of Black Airline Plots. (OBAP)

pilots are required to work only 14

days a month because, "It's im-

portant that you get the proper

amount of rest and the right

amount of diversion from the job.

It gives you renewed vigor when

The group, which Boone says has about 140 members, says it is dedicated to the promotion of blacks in aviation and the protection of the general interests of its members. OBAP members say their interests are expanding the ranks of black pilots and holding onto gains already made.

may be rocky until after the 21st.

Many of you will have a heavy social calendar that will keep you popping. Unusual job possibilities are likely for many Pisceans.

Avoid any get-rich-quick schemes or you'll be left holding the bag!

## ARIES March 21-April 20

You Rams will finally complete a long-standing career project and you may decide to move out in new directions—maybe even a change of jobs. Romance will be intense—it's your decision as to whether you'll be thinking of marriage or divorce! Safety precautions are advised on the 3rd, 7th, 22nd and 25th.

## TAURUS April 21-May 21

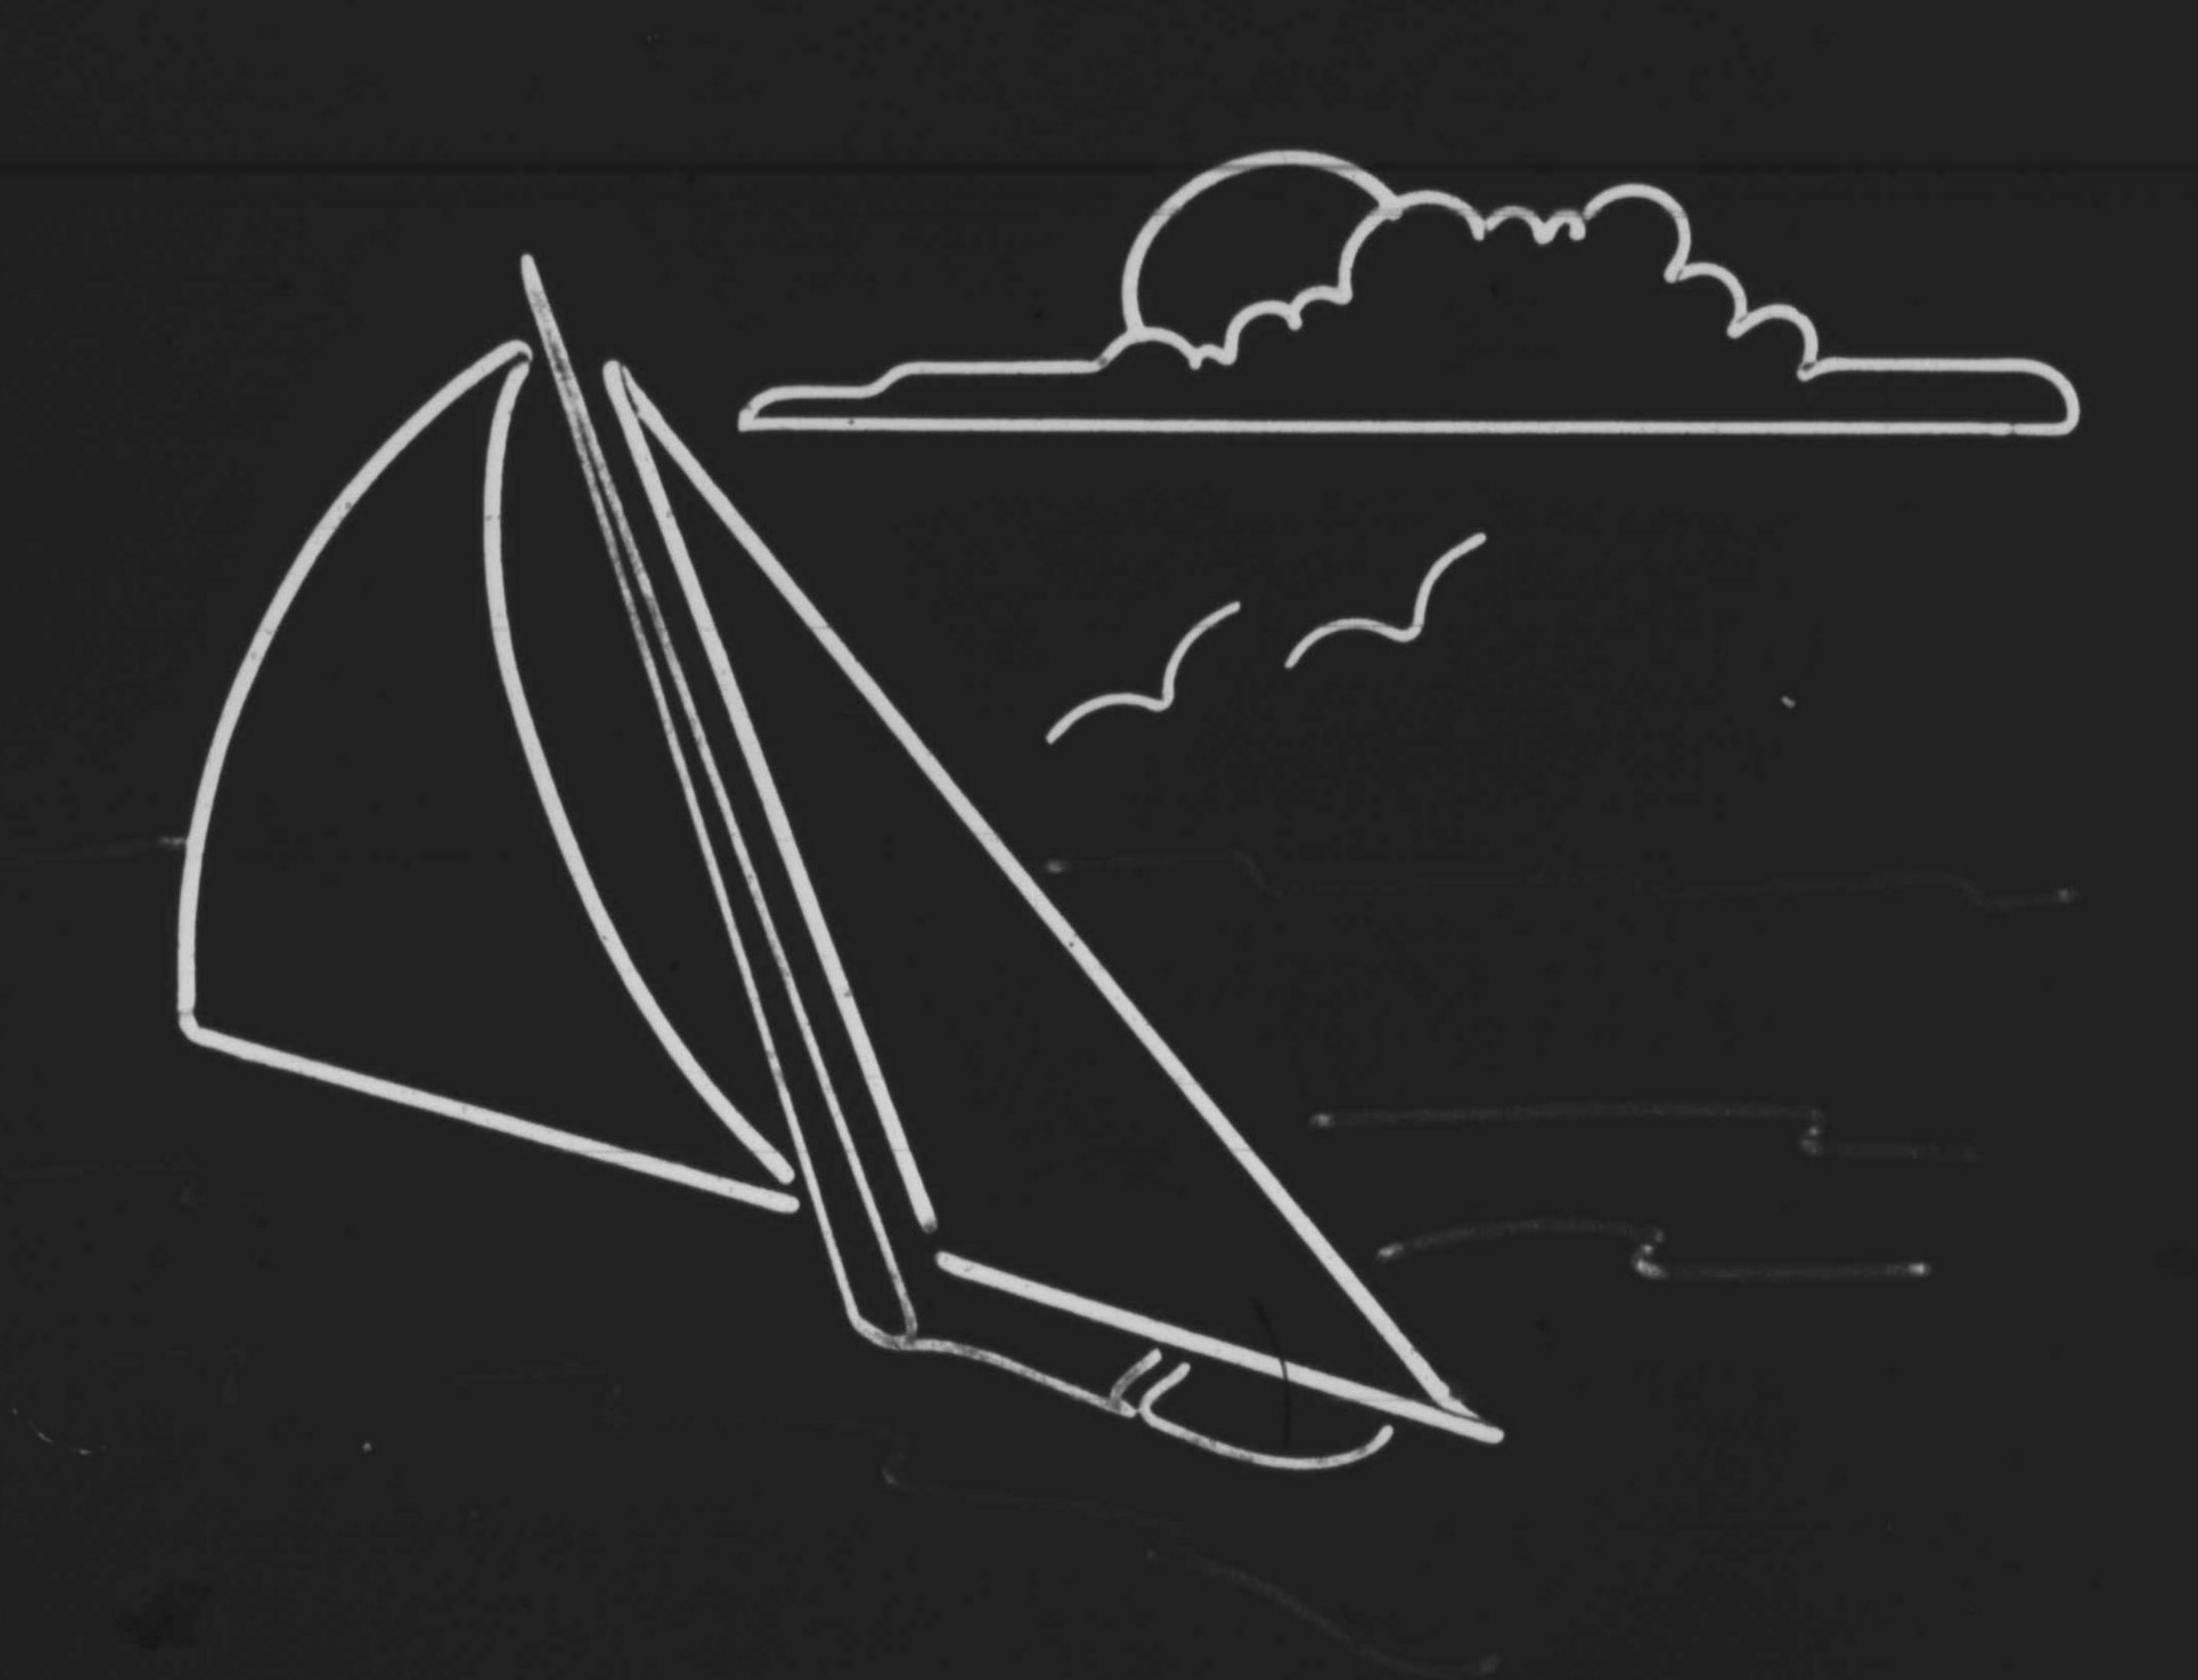

You may have been feeling indecisive about love these days—it's on-again, off-again for many of you during the first week of July. Afterwards, it'll all make sense again.

A flash of busy work is likely after the 10th and you may want to consider new career directions. Practice modertation in your pleasure seeking (food, festivities, etc.) to keep your health in order.

## GEMINI May 22-June 21

Many of you are still carrying a heavy domestic burden, but your attitude will become more optimistic. You're particularly attractive now, which helps to improve your outlook. Monetary matters are mixed this month; take no risks on the 12th and 31st. On the 24th, a joint financial venture, possibly involving music will prove fruitful later on.

Crisp refreshing taste in a low tar.
