Today and tomorrow do I see from the reflection of me . . .

All too clear the life I have lived before and the life I will live tomorrow . . .

Like a Looking Glass with wings of life all I see that shines bright is what I believe

A heart beat that seems to be our of beat with all the things I feel in this land of a reflection of me . .

Tears from memories of those days have been put away never to flow into tomorrow in this land of a reflection of me . . .
