IF YOU THINK LIVING IN THE EIGHTIES IS TOUGH,
TRY IT WHEN YOU'RE IN YOUR MINETIES.

Marie is old, alone and sick. Her children are gone. No one to care for her. But there is hope. Under the direction of the Assistant Secretary for Health, the State General Fund provides over 38 million dollars to the Aged and Chronically III Service Administration. And in 1984, 22 cents of every General Fund dollar will

be spent by the Department of Health and Mental Hygiene.

The Aged and Chronically III Service Administration is responsible for a broad range of health services. It operates statewide programs for cancer, respiratory diseases, cardiovascular diseases, kidney dialysis, rehabilitative service, geriatric

evaluation services, and day care for the elderly.

The Maryland State General Fund' makes living in the eighties easier for some people in their sixties, seventies, eighties and nineties.
