

The Great Flavors of Crest Are Now 50¢off

You probably already know that Crest is the number one cavity fighter in America. But what you might not know is that it's also the only ADA accepted cavity fighting toothpaste that comes in three great tasting flavors — regular, mint and gel. That means your family gets the best of both worlds — unbeatable cavity protection and the delicious flavors even your kids will love. Now that's a winning combination. Aren't your kids worth Crest?
