television's longest running new opening rock theme song and logo, signifying the beginning of a new story line and structure on Wednesday, March

In a daring plot development, the show's fictional setting, Henderson, will be swept away by massive flood on March 25. This will set the stage for Executive Producer John Whitesell's plan to present all new sets and costumes, and consolidate the action of the series into one apartment building.

Also, SEARCH FOR TOMOR-ROW, airing on NBC Mondays-Fridays 12:30-1 p.m., will become the first daytime serial to be closed-captioned for the hearingimpaired, beginning Monday, Monday, March 10.
