The Douglass High School Alumni Association proudly announces its Annual Scholarship Dinner Dance. This fundraiser is scheduled to be held at the Palladium, Liberty Heights Ave. and Druid Park Dr. The date is Sunday, October 11, 5-9 p.m. Tickets are very affordable and tax deductible.

Last year Frederick Douglass' Dinner Dance, held for the school's scholarship drive, went over big. The Alumni Committee and its school's principal, Jean Owens, had its selective team of students to venture into colleges of their choice. The Annual Dinner Dance and its fundraisers helped many students to further their education.

The tickets and other information can be obtained by simply calling Milton Brown after 4:00 p.m. at 624-3513.

The Alumni Association and its Steering committee will be meeting every Thursday from 7-8 p.m. at the school located at Gwynns Falls and Warwick Ave.

Until the day before the affair, we will be there to serve you and your classes. We will have tickets for you and all important information you will need.

The committee is asking all of its friends, classmates and Douglass graduates to come on out and support your very own VIP Alma Mater.

Frederick Douglass Alumni, remember your high school roots. Let's all do it again like before — Seeing old friends, hugging and kissing, table hopping around and remembering the good ole times.

The Dinner Dance has always been one of your choices. Come on, let's get together again and support our school's Scholarship Fund Raiser. Visit the Alumni's group each Thursday and share your news and ideas with them. Remember your date again with us. Sunday, October 11, 5:00 p.m.-9:00 p.m. at Baltimore's Best Palladium, Liberty Heights Avenue and Druid Park Drive. Call our treasurer for tickets now. "Douglass Ducks" supporting your very own.

Hints For Homemakers/Inez Kaiser

Clothes free of static cling come with snuggly softness

DEAR INEZ: Help! My laundry always seems to cling together when I take it out of the washer. How can I get rid of static cling and at the same time make the clothes feel soft and smell fresh? Nothing seems to work. —STATIC SUE

DEAR STATIC SUE: I have an easy solution to what seems to be a major problem for you and many other people. Just use SNUGGLE fabric softener. It's as simple as that.

This product will do so many good things to your laundry that you'll wonder why it took you so long to become a SNUGGLE fan.

First of all, SNUGGLE provides a snuggly softness that's really less expensive. Your clothes feel really so soft, your blankets become their fluffiest and you'll be able to wave good-by to static cling once and for all.

But that isn't all. SNUGGLE comes in two convenient forms—SNUGGLE concentrated liquid and SNUGGLE dryer sheets. Both versions provide the basic SNUGGLE promise: snuggly softness that's really less expensive.

It's entirely up to you as to which version you use. The sheets are used in the dryer with the wet wash. On the other hand, the liquid is added to the rinse water in the washer, according to directions on the bottle.

Many people never used fabric softeners until recent years—especially since that cuddly, bouncy, talking teddy bear named "Snuggle" came along as such a great TV spokesman for the SNUGGLE line.

SNUGGLE has made so many people conscious of the important benefits offered by a good fabric softener—a wash that is snuggly soft and fresh smelling and without static cling.

NEW FRAGRANCES ACT ON IMPULSE

IMPULSE PERFUMED BODY SPRAYS have a special appeal for young women, but they aren't resting on their laurels.

Two exciting new fragrances have been added to the popular IMPULSE family. They are ENCHANTÉE and ELECTRIC MUSK.

The name ENCHANTÉE clearly suggests the essence of romance. Every aspect of its warm, soft, romantic floral scent stems from its French heritage.

Even its lavender container with pink butterfly design attracts the eye of romantically inclined, fashion-conscious women. I've heard many comments from my young lady friends singing the praises of ENCHANTÉE.

ELECTRIC MUSK is a sizzling new romantic fragrance, serene and warm, yet bold and uninhibited.

This perfumed all-over body spray provides the assurance of an effective deodorant that you can spray on your arms, legs, back, stomach and underarms. You can't miss its rust-colored container with a distinctive orange butterfly on store shelves.

In fact, that's one of the really exciting things about IMPULSE—there always seems to be another brand-new fragrance being introduced.

THICK AND RICH, REGULAR OR LITE

THE APPROACH OF ANOTHER winter season brings those invigorating mornings when we all wake up and look forward to a hot, hearty breakfast.

They also provide an opportunity to serve something different—like blueberry waffles, French toast, all kinds of pancakes or hot breads.

The Kaiser Family loves to have these dishes topped with MRS. BUTTERWORTH'S syrup. Most people like MRS. BUTTERWORTH'S because it is thick and slow and rich and buttery. It tastes so good.

MRS. BUTTERWORTH'S is twice as thick as maple syrup. It pours nice and slow and doesn't run all over your plate where you don't need it. It's also made with Grade A butter.

This great-tasting product comes in two forms—regular or lite. Both have the same rich, buttery taste.

For those people who count calories carefully, MRS. BUTTERWORTH'S LITE has 45% less calories and 30% less sugar than regular MRS. BUTTERWORTH'S.

No matter which one you use, MRS. BUTTERWORTH'S syrup is sure to leave a good taste in your mouth.
