Century 21 Associated Real Estate, Inc.; Offers Unique Opportunities

CENTURY 21 ASSOCIATED REAL ESTATE, INC. was founded in 1955, began strictly as a residential real estate sales organization serving the Baltimore-Metropolitan area. Owner/President Norwood T. Coates recognized the many advantages offered by affiliating with Century 21 Real Estate Corporation, and in 1980 the company became known as Century 21 Associated Real Estate, Inc.

Over the past several years, we have developed various service divisions specializing in marketing, relocation, finance, insurance, commercial real estate, appraisals, and human resources, but the backbone of the organization is our sales staff.

Our office consists of professional trained sales associates who come from a variety of backgrounds, and who are constantly abreast of the marketplace. We pride ourselves on our ability to work together as a team by continually encouraging each other, brainstorming for useful ideas, and by participating in corporate decisions. Many of our associates are leaders in the community.

As a part of the Century 21 VIP Referral Program, we are able to find and sell homes for clients and customers by working with over 6,000 Century 21 offices throughout the world. Our Relocation Division consists of specialists in the office to handle incoming and outgoing referrals, many of which could involve other independent real estate offices. All of our agents are trained in servicing people relocating into and out of the area.

Our Management Division is continually seeking new associates, and provides education for all of our associates through our extensive in-house training program.

Our Marketing Division provides promotional services for listings, our associates, and the organization. It is also an integral part of the company concerning communication and service development.

Our Finance Division provides mortgage placement services. This team of specialists knows which mortgage products are available, helps each borrower decide which financing best suits his or her needs, and follows through on each transaction until closing.

Our Commercial Real Estate Division consists of agents who are members of the Century 21 Investment Society, serving buyers and sellers in industrial as well as investment properties throughout Maryland. Our investment properties are marketed nationally through the Century 21 marketing sessions.

At CENTURY 21 ASSOCIATED REAL ESTATE, INC., the best kept secret in the Industry is that WE are creating these opportunities all the time.
