Presentment by Grand
Jury March Term 1798

Filed March Term
1798.

Frederick County Court March Term 1798.

We, the Grand Inquest for the body of Frederick County, taking into serious consideration, the fatal consequences resulting to society from that general departure from Moral rectitude, too fully manifested in the conduct of many of our fellow Citizens, which we lament in common with the well disposed of every class; and prompted by a sense of the duty, we owe to that Society, of which we are Members; as well as our wish to discourage & discountenance everything, that has a Tendency to injure the Morals of our fellow Men: have been anxious to explore the cause, and do

Present, as evils that call loudly for redress, the Number of ill regulated Taverns in this County, which instead of houses for the purposes intended; are furnished with Billiard Tables, Cards, Dice &c. and are become the haunts, of not only the idle and dissipated; but also of the depraved & designing. — when Gambling of every species is practiced to excess — and racing set on foot, and cock-fighting introduced. And here, we cannot help expressing with unfeigned sorrow, our deep regret; that Men whose Rank, Education & Situation in life, enable them to discountenance such proceedings; by setting examples of sobriety and virtue; are often seen shamefully to take the lead on these occasions, and ~~even~~ some of our civic officers, ~~often~~ forget themselves, and their duty, as to sanction by their presence, these pernicious vices, and even neglect to prevent, or disperse disorderly meetings of Negroes, & other ill disposed persons; who frequently collect in Numbers on Sundays & Holidays in Frederick, & other Towns in this County, to the great disturbance of the peaceable inhabitants. By which examples & neglect, the lower class of People, expecting to escape with impunity, presume, in contempt of the Law, to establish unlicensed tippling Houses — where, by petty Lotteries, Shooting

Matches

Match, frolics, & merry-making, of different kinds, the un-
-wary and uninformed youth of both sexes are collected, and
by the allurements then held out, are enticed into the paths
of vice - brought to ruin & disgrace, and in early ^{life} years be-
-come useless members of the community. Such are the sour-
-ces, which we are enabled to trace those evils to, by a close
attention to the complexion of the Testimony disclosed to us in
the prosecution of our duty, and thus, are obligations Moral
and Religious subverted - Industry & prudent habits aban-
-doned - Innocent families, & honest Citizens Ruined -
-quarrels fermented and animosities excited, to the de-
-struction of confidence between Man and Man, and to the
indelible disgrace of Civil Society & good Government -
To this state of Facts, we call the serious attention of the
well disposed of our fellow Citizens in the most earnest
manner, that they, may by every means in their power, ar-
-rest the evils complained of - thereby avert the judgments
of a Justly offended Deity, and secure to our common
Country a continuance of those blessings, we have ~~enjoyed~~
heretofore so abundantly enjoyed.

Presentment Relative
to Courts &c.

Feb 15th 1820

October Term 1820

The Grand Jury for the body of Frederick's County under a sense of duty beg leave to present to the Court, their views and impressions relative to the business of the Court, in the hope that the attention of the Legislature will be drawn to so important a subject, and that such relief will be afforded, as the necessity of the case requires.

In performance of this service, the Jury have in a particular manner been led to notice the efforts of the Court in close and regular attention to business, in Sessions from nine O'clock each day untill three O'clock, and often protracted, to later hours, and in continuances of the terms to the utmost length of time allowed by the Law; and that notwithstanding these labours, the business of the Court has continued greatly to accumulate as well as to increase, amounting to a mass of business altogether beyond the physical powers of the Court to transact, or dispose of in such manner as the public good requires.

The Court being thus circumstanced, the Jury conceive that a remedy for so serious an evil has become indispensable, and feel greatly solicitous, that it may be supplied in the most effectual manner. Thus influenced, the Jury consider it their duty to state distinctly as their opinion, that no enlargement of the present term will suitably remedy the evil; because the pressure of a variety of discordant business, tends to produce disturbance and distraction in the transaction of it; because more than three weeks at one period, would be a greater length of time, than Quitors Jurymen or Witnesses could spare from their domestic concerns and because the delay of causes for the trial of others during ~~and~~ the continuance of lengthy terms, would produce an increase of costs ruinous in amount.

From these views the Jury are of Opinion,
that the best mode of reorganizing the vic, will
be found in a separation principally of the
civil business of the Court from the Criminal,
and of the Substitution of two additional terms
for the transaction of the latter, connected with
a capacity to do equity business and to dispose of
appeals, Petitions, Commissions &c.

In concluding their observations upon the
Subject of this presentment, the Jury
respectfully request the delegates from this
County to lay the same before the General
Assembly at their next Session

Signed by order of the Jury—

Wm. H. Holt Foreman

Grand Jury

To the Honourable the grand inquest for Frederick
County It is likely that there will be a presentment
made to your honourable body of a quarrel that took
place between us Elizabeth Shriver and Susanna
Long and as I Elizabeth Shriver did call names in
a passion and the said Susanna Long did strike in a
rage and after consideration had we do hereby acknowl-
-edge that we were wrong and have agreed to forgive
each other and strive to live in peace with each
other for time to come and earnestly desire that if
it should be consistent with the honour of the state
and your honourable ^{body} that you would be pleased
to pass by the presentment without any farther
notice as each of us have no desire to inquire other
any farther and as I Elizabeth Shriver am in a
situation that prevents me from attending in person
I desire that you will be pleased to excuse me for
writing these lines and strike the case out without
giving us any farther trouble

Witness our hand this 1st day
of march 1824

~~Report of the House~~

Chair of the House

Tail report

~~Re/ost to Mr. Brown~~

December Term 1857.

The grand Jury of the State of Maryland
for the body of Frederick County have
visited and inspected the County Jail
and find that proper care has been observed
in confining and securing the prisoners and
that the ~~prison~~ ^{also} ~~is in~~ appears to be kept in
a clean and healthy condition and which is
creditable to the industry and attention of the
present keeper Mr John Bender

The members of the Jury would also recom-
mend respectfully to the Levy Court of said
County that they take into consideration the
necessity of repairing one of the floors of
the Jail Rooms and the constructing of a wall
around the front yard for the protection of
the publick property

Report of Alms house

~~John J. [illegible]~~

December Term 1837—

The grand Jury of the State of Maryland
for the body of Frederick County having
visited the alms house in accordance with
their duty were politely conducted through
it and observed that there inmates appeared
as well clothed and as comfortably provided
for as the nature of the situation would
permit and also in the examination of
the various apartments they find kept
in a very clean and good condition
such as reflects much credit on the
care and assiduity of W^l Stoner the
present Superintendent

Recommendation
relating to Alms
House & Jail

Given 11 Nov: 1847

The Grand Jury report to the Court
that they have during the term visited
the Almshouse and examined its condition
and that of its inmates and they have
the satisfaction of stating that they found
the House in good order and the inmates
as comfortably provided for as could reasonably
be expected and that the worthy Keeper Mr.
Lawrence Haighly is entitled to much credit
for the manner in which he has taken care
of the interests of the establishment.

In the discharge of their duty the Grand Jury
also visited the County Jail which they
also ~~visited~~ found to be kept in good order
and the prisoners well taken care of, and
the management of it to have been very
judiciously intrusted by the Sheriff to its
obliging and humane Keeper Mr. Trailman.

July Term 1855.

The Grand Jury of the state of Maryland for the body of Frederick County in ~~former~~ conformity to usage visited the Almshouse & Jail to examine the condition of those Institutions, and were gratified in being able to state that they found those two Institutions, in regard to the care and comfort of the unfortunate inmates in as good condition as circumstances admit. The cleanliness and good order manifested in the different apartments, show that all to alleviate suffering has been done, faithfully & humanely, ~~done~~ by the different parties having charge of them. The premises connected also manifest care and good management.

They would also mention with satisfaction the attention, kindness, and skillful services of the Physicians Dr. Mr. Tyler Junr. and Dr. Harrison Schley to the wants of those in the different departments under their respective Medical Care.

John Reich Foreman

The Inquest would respectfully suggest to the commissioners, as one of the results of their visit, that the attention of that body be directed to the mode & manner of dispensing heat to these buildings, The Jail & Almshouse. Whether or not a better and cheaper plan, than the one now in use, could or not be with advantage substituted. This body are of the opinion, that ^{one} the now practiced, is expensive, uncomfortable & unsafe.

As visitors, & in view of their duty pronounced the present mode in their judgment an unwise one, & would respectfully recommend to your body, in lieu thereof, heating by flues, or any other plan (other than the present one) as to secure economy to the county, comfort and safety to the unfortunate inmates therein domiciled.

Report of Grand Jurors on the Almshouse

Frederick Novr 15th 1864

The Grand Jurors of Frederick County on Tuesday last paid their accustomed visit to the Almshouse; And were gratified to find that this Institution under the care and management of Mr Lewis Gouson, the present Keeper, is such as reflects creditably upon the County, and bespeaks for the Board of Trustees, a commendable degree of interest and attention.

The Grand Jurors nevertheless beg leave to suggest, that the house, although comfortable, may with comparatively little cost, be greatly improved, by a more perfect system of ventilation, (especially in the basement) and the continuation of the Area around the entire building. And in this improvement they conceive to be involved, the health and comfort of the inmates, as well as the durability of the edifice.

The unfortunate tenants; although comfortable and measurably happy, are nevertheless, by reason of their misfortune, deprived of many of the blessings of life. Let them not be denied what may be had "without money and without price". And whilst the Grand Jury rejoice, in having in the County an Institution so humane and Philanthropic; and whilst the temporal wants of the unfortunate, are so apiduously watched and relieved. They regret to find, that in regard to their spiritual necessities, the same care does not exist.

Report of Grand Jurors, on The jail
Frederick Novr 15th 1864

The Grand Jurors of Frederick County, according to law, visited the jail of the County, examined into the condition of the inmates, and the security of the Prison &c. and respectfully report.

That under the circumstances, a degree of cleanliness and good order seemed to prevail highly creditable to the Sheriff, under whose control and management the Institution is at this time.

During the past season the jail yard has been divided by a substantial brick wall, which will in no small measure, secure a better state of morality among the prisoners, and diminish to some extent the expences of the County.

In the opinion of this body, the present jail from its Architectural design, and peculiar construction, never has been a place of security for felons and criminals; much less certainly an Institution of a reformatory character. This declaration is vindicated, and fully established by the experience of a quarter of a century, and that any improvement short of a new house, differently constructed, with better walls, and established upon better principles, is inadequate to the age.

Justice, so frequently eluded by the escape of felons and criminals from this place; together with the unavenged blood of some of our fellow citizens, unmistakably demand, that something should be done to secure more effectually the end of the law.

October Term 1866.
To the Hon. Madison Nelson Judge of the
Circuit Court for Frederick County.

Sir. It gives
us great pleasure to transmit to your
Honor the following Report.

We the Grand
Jurors for the body of Frederick County,
On the 6th day of Decr. 1866, made for
visit to the County Jail, under the Charge
and Keeping of the Sheriff of said County,
Wm. B. Tabler, and upon inspecting the
building thoroughly, it was found in good
Condition, the inmates as well cared for,
and every thing connected with the
Prison in as good order as the nature of
the building will admit; and we are
of the opinion that the building is in a very
insecure Condition, and the Grand Jury
would recommend that a new building be
constructed at as early a date, as the
County Commissioners may think the Finances
of the County may justify the same.

We the Grand Jurors, further state that the
Management of said prison to be such as
to reflect great Credit upon the Sheriff of
the County. All of which is respectfully

October Term, 1866.

To the Hon. Madison Nelson Judge of the
Circuit Court for Frederick County.

Sir:

It gives us
great pleasure to transmit to your Honor, the
following Report:

We, the Grand Jurors for the
body of Frederick County, on the 27th day of
December, 1866, made a visit to the Alms House,
and found that institution, under the Charge
and management of Mr. Lewis Gorman, the present
efficient and humane keeper, in such con-
dition, as reflects great Credit upon the County,
and exhibits for the Board of Trustees, a
degree of interest and attention, which is highly
Commendable. We also found the inmates
as Comfortably Circumstanced, as the present
arrangement of the building will admit of.
The Cleanliness of the entire premises, reflects
the highest Credit upon those who are ent-
rustee with its management.

We, the Grand Jurors, would reco-
mmend, that the lower floor of the building
should be immediately repaired, so as to
render it more Comfortable for the inmates.
All of which is respectfully submitted.

Term
February 1871

Filed March 16. 1871

To the Hon Judges of the Circuit Court for
Frederick County.

The Grand Jurors of the State of Maryland, for the
body of Frederick County respectfully report that in
accordance with the usual custom they have visited
the county jail, and respectfully state that they
have found the said building totally inadequate
to the wants of the County as a place for the confine-
ment of those who violate the law. The rooms are
small and crowded and it is a surprise to the
Jurors that the kind and humane Sheriff Mr Bartgis
is able to exercise that due care and vigilance
necessary for the government of an institution of
this kind. we found every thing clean and neat
and think the County, as well as the prisoners, fortunate
in having a man so competent to discharge the
duties of his position. We would recommend that
the County Commissioners as soon as they can com-
patible with the public interest erect a larger, stronger,
and more convenient building, as we think the
jail, as it now is, unsafe, and too small.

The Jurors in their official capacity also visited Mon-
tivy Hospital and it gives them pleasure to report
that the people of Frederick County, may congratulate
themselves that they have now an Institution for the
keeping of their ^{Imagined} suffering poor that will compare favour-
ably with any institution in the State, or Country. The
Divisions, Ventilation, Water, Heating, and general
sanitary condition, the governing of the Building in
the hands of its intelligent board of ^{Trustees} ~~Trustees~~ with
its able and competent keeper Mr Greener, reflects
great credit upon the County Commissioners, who
have so ably superintended and expended the
money entrusted to their care for the building of a

Hospital, so long needed in this community, and
Citizens can visit it assured that they will find
every thing clean, and neat, with nothing to
offend the most fastidious, but with feelings of
sympathy for the unfortunate, have the satisfaction of
knowing that they have at last an institution
that is both an ornament to the County, and an
honor to themselves.

The Jurors according to also visited Montevue Hospital and it gives them pleasure to report that the people of Frederick County may congratulate themselves that they have now an institution for the keeping of their insane and unfortunate poor that will compare favourable with any institution of a similar kind in the State or Country. The divisions Ventilation Water heating and general Sanitary Condition, the governing of the building in the hands of its entirely sane and efficient Board of Trustees, with its able competent, and humane Superintendent Mr. Freamer, reflects great credit upon the County Commissioners who have so ably superintended and expended the money intrusted to their care for the building of a Hospital so long needed in this community and Citizens can visit it assured that they will find everything clean ^{and} neat. And those with feelings of sympathy for the unfortunates have the satisfaction of knowing that they have at least an institution that is both an ornament to the ~~Country~~ County and an honour to themselves.

Report of Grand Jury

Filed August 31. 1891

Copy made Aug. 31/91
Delivered County Courthouse

To the Honorable,

The Judges of the Circuit Court
for Frederick County.

Having considered and disposed of
all business brought to our attention,
we beg leave to submit the follow-
ing report:

We have been in session 13 days,
during which time 138 cases were
considered; 87 presentments found and
51 cases dismissed. The number of
witnesses examined was 312.

In compliance with the law we
visited the County Jail, and found
that institution in a condition which
reflects much credit upon Sheriff
Gauer and his subordinates. We
went to the jail not expected by
the Sheriff, and found every part
of it thoroughly clean, and in a condition
conducive to the health of the prisoners,
except the closet in the male ward,
which, in our judgment, needs prompt
attention. The number of prisoners in
jail was twenty-two, all of them State
prisoners. Of this number six were
white male, thirteen colored male,
two white female and one colored
female.

We find the law relating to the car-
rying of concealed weapons fre-
quently and persistently violated,

quite a number of cases of this character coming to our notice. We also find that the law regarding the sale of deadly weapons & minors is very generally disregarded and openly violated by those who sell firearms. We believe, that in most instances, these violations result from ignorance of the law; and we hope that in the future the law will be more strictly observed.

The number of cases of indecent assaults which have been before us is too large for us to neglect calling especial attention to offenses of this character. The frequency of their occurrence calls for the strongest terms of condemnation from this body; and we trust that the punishment meted out to evil-doers of this class will be such as will greatly lessen, if not entirely prevent, crimes of this character in the future.

In pursuance of the suggestions made by the Court in reference to the sale of intoxicating drinks at the back-rooms bars of grocery stores in this city and county, and fully realizing the dangerous character of these institutions and appreciating the necessity of abating

the evil, as far as it lays in our
power, we have recommended to
your Honorable Court that retail
liquor licenses be withheld, in
the future, from places of this
description.

Report of the

Ordered by the Court

Copy made &

Clerk or }

To the Honorable, the Judge of the Circuit Court
for Frederick County;

The Grand Jury for the August Term having
completed their labors beg leave to submit
the following report as a result of their
Deliberations.

We have been in session twelve days during
which time we examined 252 witnesses, found
55 presentments not indictments, and dismissing
41 Cases.

We desire to Congratulate the Community
upon the decrease in the number of violations
of the Liquor Laws.

In deference to the suggestion contained in
the Charge of the Court we examined thoroughly
into the Sanitary Condition of Frederick City
and the question of the enforcement of various
ordinances during the past two years.

We find that the town has been in a most-
deplorably unsanitary condition, and to a
certain extent is still so, although efforts
are now being made by the authorities to remedy
the evils.

In this investigation we have examined
officers of the last and present City ad-
ministration, physicians of standing and
private Citizens of the town. We find that
for 18 months or two years past the ordinances
for the preservation of the health of the Com-
munity have been most shamefully and
culpably neglected, and that at the present
time the City Hall contains two nuisances

in the shape of a Closet in bad Condition and a Urinal flowing directly out into the public street. Kiosks in improper Condition and too near the highway have been permitted unchallenged, and in many instances when report was made by the Police officers the action was taken by the authorities. There has also been an almost absolute disregard of the Law in Encroaching on the Gasbag Contract and the failure on the part of the Contractor has been almost unchecked.

*
by the newly ap-
pointed Health
Board,

These evils have been a constant menace to the health of the Town. There has been now inaugurated a vigorous Crusade against these nuisances.

The late City government has been criminally neglectful of their duty in these matters.

We find further that the ordinances forbidding dogs running at large unmuzzled in the Summer Months; the blocking of sidewalks with displays of goods; the allowing of frames to remain hitched in one place ^{on the sidewalk} for longer than two hours, have all been practically dead letters.

The ordinance against blocking sidewalks has in particular been unblushingly violated, and no check put to it.

We find in regard to the Conduct of County Constables that in one notable instance ~~where~~ ^{an} the officer has been recklessly arresting Supposed Tramps and Car riders

* by him

by the ^{man whom} Wholesaler, Several persons have been
arrested ^{by him} and again incontinently released with-
out any justification. This same officer
has also presented accounts to the Commissioner
this Summer containing Charge in excess of
legal fees to the amount of \$35.

We give this public rebuke in this
instance instead of finding an indictment
in the hope that the more indulgent Course
will prove effectual.

We would recommend more care in the selection of
County Constables in regard to sobriety and conduct,
as in several instances we find that the officers
themselves have been the cause of disorder, and in
other instances gross neglect or cowardice has
marked their conduct.

We visited the Jail, as required by Law, and
take pleasure in testifying to the good order and
generally cleanly condition observed in all the
Departments. The only recommendation
we feel it incumbent upon us to make is, that
the Sewerage System of the building be so changed
or improved as to prevent the escape ^{into} ~~through~~
the Corridors through the pipes leading to the
well of foul gases and odors which are
liable to produce sickness.

At the time
of our visit there were confined in the jail 7 white
Male State prisoners, 10 Colored Male State prisoners, 2 Colored
female State prisoners, & 1 white Male Corporation prisoner, ^{making}
a total of 20 in all.

Having ^{performed} discharged our duties as promptly as
was consistent with justice to public business, &
having no further matters claiming our attention, we
ask to be discharged. J. Lee Townsend Foreman

1 To the Honorable the Judges of the Circuit
2 Court for Frederick County.

3 The Grand Jury for the State of Maryland in
4 and for Frederick County, having completed their
5 labors, beg leave to make to your Honorable Court
6 the following report.

7 We have been in session twelve days during which
8 time we have examined nearly two hundred wit-
9 nesses and have found Presentments and Indict-
10 ments in seventy six cases, and have dismissed
11 thirty three cases and eight cases have been settled.

12 We have endeavored to the best of our ability
13 to investigate all matters that have been brought
14 to our notice, as thoroughly as it was possible to
15 do, and we hope we have given all the cases
16 brought before us careful consideration before
17 acting on the same.

18 In making this our report we cannot fail
19 to call the attention of the Court to the number
20 of violations of the Law in the liquor traffic of
21 this County, and I think we are safe in saying
22 that one third of the time of the Grand Jury
23 is consumed in investigating violations of the Law
24 in regard to the sale of liquors to minors and on
25 Sunday. This no doubt is gradually lessening, but
26 we are sorry to have to report the number of cases
27 brought before us this session, and in which we
28 have been compelled to find Presentments and
29 Indictments. This should not be, and we hope that
30 this evil will be entirely done away with in the
31 near future, and that the Grand Jury and
32 the Court will be relieved of the trouble and

1 the sanity the expense of these investigations.
2 If this evil is corrected the ordinary business before
3 the Grand Jury could be done in two thirds of
4 the time now required, thereby saving to this County
5 considerable expense.

6 There have been reported to the Grand Jury a
7 large number of cases of carrying concealed weapons.
8 This practice is unfortunately very general, especially
9 in the case of carrying razors by the colored people.
10 This practice is most dangerous and should be
11 broken up.

12 We have visited the Jail as required by the law
13 and found that Institution in first class con-
14 dition, reflecting great credit upon the Sheriff
15 and his deputies. There are fifty nine prisoners
16 confined ⁱⁿ the Institution 24 males & 1 female on
17 the part of ~~the~~ State and 33 males & 1 female
18 on the part of the Corporation.

19 We also at our own expense visited the Alm-
20 House and ^{we} are glad to report that that Institution
21 is kept in first class condition, reflecting
22 great credit upon the Management.

23 Having completed our labors we now

us, as it was possible to do, and have
given all the Cases brought before us
careful Consideration before acting on
the same.

In making up our report we
would call the attention of the Court
to the number of Public Buildings
in various districts in the County
whose front doors open inwardly in
violation of the Law, to be more explicit
we find the Churches in some districts and
even the School Houses in some, whose doors

Report of Grand Jurors

Filed Febry. 15. 1894

To the Honorable the Judges of the Circuit Court
for Frederick County, Md.

The Grand Jury for the February term of this
Court 1894 respectfully submit the following Report

During the 9 days we have been in session
we have examined 152 witnesses, found 27 present-
ments and true bills and dismissed 43 cases.

We made every endeavor to expedite business but
much time was unavoidably consumed in the consid-
eration of trifling cases of petty larceny and misdemeanors
which in our judgment could with advantage be placed
in the jurisdiction of the Justices of the Peace and we
would recommend that the law conferring this juris-
diction in most of the State be again made to include
this County.

In regard to the matters given us specially in
charge we are pleased to state that we have not
learned of any violation of the laws prohibiting abortions
and advertisements in relation thereto nor of any
violation of the law regulating the opening of doors
of churches and Public Buildings.

We visited and inspected the Public School House
on North Market Street in Frederick City and find
the building substantial enough in structure and
in that respect neither dangerous to the safety or health
of the children but it is old and inadequate for the
accommodation and comfort of the pupils.

In regard to the conduct of public officials it

is perhaps proper for us to state that reflections have been made in the public Press upon certain officials but though ample opportunity has been accorded all persons feeling aggrieved to appear before us no one has done so. To go into an investigation of the accounts of these officers would in our judgment be useless unless thorough and such an investigation would necessitate the services of expert accountants and require a long time. We deem it our duty however to say that in the present depressed condition of the country the most rigid economy should be observed in all public expenditures and that retrenchments should be made wherever practicable without impairment of the due efficiency of service. And we regret to state that the item of \$4,436.50 for Pay Roll employees and extra labor in addition to the labor included in sundry other items besides \$1,549.59 for salaries embodied in the recent statement emanating from the Board of Charities and Corrections seems extravagant; and that the recent expenditure of \$28,000—by the officials of Frederick City in the construction of a new Reservoir when sufficient water to fill the old one in time of need was what was required and not secured and which new construction does not hold water appears to have been so unnecessary, unwise and prodigal as to at least deserve the strongest censure.

In such matters practical business methods should be pursued - the advice of a competent engineer as to the most feasible and least expensive method and any requisite Legislative authority required should be first obtained and such method if sanctioned by the people then followed.

Reckless expenditures of public moneys should not be made with such defective results and Legislative authority afterward sought to largely increase the bonded debt of an already heavily burdened people.

Other matters in this connection are complained of but have not been regularly brought before us.

We visited the Jail and found it well kept and in excellent condition. The front porch and outside wood work at the Jail needs painting and it would be a saving to the County to have this done without much delay. The number of prisoners in the Jail is 15. Males 13, females 2. White 7, colored 8. held for State offences 13 and Corporation 2.

We also visited Montrose Hospital at our own expense for conveyance and found every thing about the buildings in good condition. Total number of inmates 303 of whom 51 are tramps and 125 Insane.

Copy Report
of
Grand Jury
Jury term 1894

To the Honorable the Judges of the Circuit Court for Frederick County, Md.

The Grand Jury for the February term of this Court 1894. respectfully submit the following Report

During the 9 days we have been in session we have examined 152 witnesses, found 29 peremptories and true bills and dismissed 43 Cases.

We made every endeavor to expedite business but much time was unavoidably consumed in the consideration of trifling Cases of petty larceny and misdemeanors which in our judgment could with advantage be placed in the jurisdiction of the Justices of the Peace and we would recommend that the law conferring this jurisdiction in most of the state be again made to include this County.

In regard to the matters given us especially in Charge we are pleased to state that we have not learned of any violation of the laws prohibiting abortions and advertisements in relation thereto nor of any violation of the law regulating the opening of doors of Churches and Public Buildings.

We visited and inspected the Public School House on North Market Street in Frederick City and find the building substantial enough in structure and in that respect neither dangerous to the safety or health of the children but it is old and inadequate for the accommodation and comfort of the pupils.

In regard to the Conduct of public officials it is perhaps proper for us to state that reflections have been made in the public Press upon

1 certain officials but through ample opportunity
2 has been accorded all persons feeling aggrieved
3 to appear before us no one has done so. To go
4 into an investigation of the accounts of those officers
5 would in our judgment be useless unless thorough
6 and such an investigation would necessitate
7 the services of expert accountants and require
8 a long time. We deem it our duty however
9 to say that in the present depressed condition
10 of the Country the most rigid economy should
11 be observed in all public expenditures and that
12 retrenchments should be made wherever practicable
13 without impairment of the due efficiency of service.
14 And we regret to state that the item of \$4,436.50
15 for Pay Roll employees and extra labor ^{in addition to the labor} included
16 in sundry other items besides \$1,549.59 for salaries
17 embodied in the recent statement emanating from
18 the Board of Charities and Corrections seems
19 extravagant and that the recent expenditure
20 of \$28,000 = by the officials of Frederick City in
21 the Construction of a New Reservoir when sufficient
22 water to fill the old one in time of need was
23 what was required and not secured and which
24 new Construction does not hold water appears
25 to have been so unnecessary, unwise and prod-
26 igital as to at least deserve the strongest censure.
27 In such matters practical business methods should
28 be pursued - the advice of a competent engineer
29 as to the most feasible and least expensive
30 method and any requisite Legislative Authority
31 required should be first obtained and such
32 method if sanctioned by the people then

1 followed,

2 Reckless expenditures of public moneys should
3 not be made with such defective results and
4 Legislative authority afterward sought to largely
5 increase the bonded debt of an already heavily
6 burdened people

7 Other matters in this connection are complained
8 of but have not been regularly brought before
9 us,

10 we visited the Jail and found it well kept and
11 in excellent condition. The front porch and
12 outside wood work at the Jail needs painting
13 and it would be a saving to the County to have
14 this done without much delay. The number
15 of prisoners in the Jail is 15. Males 13. Females
16 2 white 7. Colored 8. Held for State offences 13 and
17 Corporation 2.

18 We also visited Montrose Hospital at our own
19 expense for conveyance and found every thing
20 about the buildings in good condition. Total
21 number of inmates 303 of whom 51 are tramps
22 and 125 Insane

Report of Grand Jury

Filed August 31, 1895

Copy W. C. C. C. C. C.

To the Honorable, the judges of
the circuit court of Frederick
County.

The Grand jury for the August
term of this court, 1895, respectfully
submit the following report.

During twelve days we have
been in session we have examined
two hundred ^{and} sixteen witnesses,
found thirty eight presentments ^{and}
true bills, and dismissed
forty five cases.

We visited the jail, ^{without notice} and found
it very neatly ^{and} cleanly kept
and do most heartily compliment
the officers of said building, in
the discharge of their duty.

We would call attention to the
fact that much of our time has
been taken up with inquiry into
cases sent up by many of the
Magistrates which on examination
turns out to be utterly trifling ^{and}
frivolous, we would recommend
a change in the law, so that it
may not be necessary for all
constables to be summoned before
the Grand jury, as few know of
any cases not already reported
to the State Attorney, or Magistrate,
and in several instances we
find a failure on the part of
constables to report violations of
law of which they have
knowledge

We desire call especial attention to the fact that many traders in the County have failed to take out Licenses, and in several of the more glaring instances Indictments have been found. The other cases we thought best to ignore, as many, doubtless, are the result of inadvertances. But the neglect is growing, and should be stopped or the parties called to account.

This body having visited "Montevue" at their own expense of conveyance report the Institution in a cleanly and well kept condition. But owing to the number of colored inmates of said institution, an offensive odor is noticeable even in the upper apartments. And we would suggest to the proper authorities, that a separate building be erected for the colored inmates only. Total amount of inmates and employees at Montevue 235
White insane.

Male 52, Female 43
Colored insane

Male 23, Female 15.

Tramps 27. Product of Farm is very large and of very fine quality. Potatoes averaged about 250 Bushel per Acre.

Report of
Grand Jury

Filed February 20, 1896

21

To the Honorable the Judges of the
Circuit-Court of Mendocino County And

The Grand Jury for the February term
of this Court, respectfully submits the
following report -

During the 16 days we have been in
session we have examined 235 witnesses
found 53 presentments and true Bills
and dismissed 33 Cases

During the time we were in session
many appeals were received from
different Sections of our County, asking
an investigation of various forms
of crimes, and disorderly conduct.
which we felt it our duty to respond
to an investigation, by summoning
such witnesses as would place us
in possession of the facts, and enable
us to present all violators of the
Law, who are justly deserving of
punishment.

A most gratifying feature gathered
from the reports of Constables, representing
the different districts, where Local
option exists, is that good order -
generally prevails, and less disorderly
conduct, than previously, when

Figures of all kinds were allowed to be sold.

We have made special effort to bring to justice all violators of the Liquor Law, when Licenses are issued and the suppression of the Gaming Table whenever conducted in defiance of the laws of our Land.

We visited the Jail as required by Law, and found every department under good management; the Prisoners were well provided with the necessary comforts of life, and surrounded with an unusual degree of cleanliness which many Institutions of the kind are not likely to enjoy. Total No. of Prisoners 17

We also paid the customary visit to Montrose Hospital at our own expense, and were much pleased with the general management of the Institution, the recent improvements consisting of a well arranged — apartment — under the exclusive charge of a Professional nurse, for the treatment of the better class of Patients, was much approved of, and adds materially to the character of the Institution, of which Frederick County can justly feel proud of. The enlargement of

an adjoining building for the confinement and care of the Colored portion of inmates would in our opinion be of great advantage to the institution.

From a prepared statement we find the total number of inmates to be 299

White Inmates	91 male & 58 Female
Colored " "	41 male & 25 Female
White Children	4 male & 5 Female
Colored " "	6 male & 1 Female
Tramps	— 67 male & 1 Female

Having completed our work and expressing to the State Attorney our many thanks for the courtesies shown us, and for the careful manner that has characterized his work for the interest of the County, we ask most respectfully for our discharge

himself. O. Beatty Esq.
17 June 1770.

Frederick County (to wit) the 5th day of June 1778 Then personally
Appeared before me the Subscriber one of the Justices of the peace for said County
Doctor Adam Fisher who upon his Oath declared to the following Effect, touching his
knowledge of a certain Conrad Botuldy since the death of his wife, who this deponent
believes ~~was~~ lost her life by the application of severe medicine, and that that he verily
believes the said Conrad Botuldy from the death of his said wife, ~~has~~ suffered very
great uneasiness and distress of mind in so much that he the said Conrad Botuldy for
some time before the unfortunate event of his death rendered him incapable of discharging
that duty necessary for the transacting of his Business for the support of his Family
in the manner that he had been accustomed to do. and that he this deponent hath
frequently seen the deceased, who always appeared to him in a low dejected state,
since the death of his said Wife.

Sworn before Jacob Young

On the same day came Jacob Widner who upon his Oath declared to the following Effect
touching his knowledge of the said Conrad Botuldy ~~and~~ since the death of his wife,
that he verily believes the above Account and deposition to be just and true, that he this deponent
lived with the unfortunate deceased eighteen months. and further adds that Five days before
his death he was kicked by a horse, of which he frequently complained to this deponent of being
in great pain, that he the deceased was found laying on his face and fainted away occasioned by
the Blow he received from the Horse, and kept his Bed two days. That the deceased came to this
deponent's house, who lived upon the same plantation a few hours before he perpetrated his death
that his conversation was so perplexed and of such a nature that this deponent verily believes
that the deceased was not then of a sound mind and understanding and that he had been
long before and then was in a state of despair, and this deponent further declares that the
deceased was before the death of his wife a very hearty man.

Sworn before Jacob Young

John Remeberg.

Upon his Oath declared before the Coroner and Jury
that deceased Botuldy was often with him (and believes from his conversation
that the deceased was not the man he used to be that from his discourse,
he thought him growing simple

George Hachethorn

Upon his Oath declared before the Coroner and Jury
that the deceased was frequently at his house (and talked in a very
simple manner.

Depos in Singloton's
Cafe.

The deposition of William Tannihill about nineteen
years ago Deposeth & saith that he was in the field with
Aron Singleton (dec'd) & a certain Elias Harden, both of Frede-
rick County on yesterday 15th day of July 1780 when there arose
a Difference between the said Harden & Singleton & in their
Conversation said Singleton said he had nothing against Har-
den but Harden Replied he had something against Sin-
gleton on which Singleton Replied if Harden had any Ill
against him he was willing he should take Satisfaction
& not many ~~words~~ other words passed before they engaged each
other & both inclined and fell & that this deponent stepped
up to them in order to part them and took away the said
Harden about the distance of four or five yards, then
this Deponent ordered a negro fellow standing by to hold
the said Singleton, whilst he himself held Harden in
order to keep them apart, the Negroe call'd out to the
said Deponent that Singleton wanted to get his Peaphook
& that he the said deponent call'd out to him & the Rest
of the negroes not to let Singleton have their Peaphooks
which orders were accordingly obeyed, on which said Singleton
Ran & got his own Hook which lay at the distance of abo-
eight or ten yards & came back with his Hook & made at the
said Harden with the said Hook on which, said Harden
by the persuasion of the deponent Ran the distance of ten
or eleven yards, & on his Retireing said Singleton Pursued him
& Thuck at him with the Hook five or six times & said

he would stick the Hook in Harden & let his guts out, but
did not touch him with the Hook which blows or motions
with the Hook appeared to be violent & vigorous & made in a
violent Passion on the Part of the aforesaid Singleton, yet it
appears to the Deponants from said Singleton's Present & former
behaviour, that his design was to scree the said Harden only
and not to strike him, altho the Hook was as the blows were
made within three four & five inches of from said Harden
as near as he could guess - upon which Harden pick'd up
a small bresh with which he appeared to make a blow
at or threaten to strike ~~him~~ Singleton on which said Sin-
-gleton stopp'd, on which Harden dropp'd his bresh & pick'd
up a Club as he walked Round the deponants, about eighteen
Inches long ~~at~~ at the big end nearly as large as the deponant
fish and was tapering small to the other end to the size
of a mans finger, on which said Harden made a
stop & said Singleton made up to Harden with his Hook
and the said Deponant stood between them, & Singleton
threatned said Harden with his Hook on which Harden sig-
-nified if he struck him with the Hook he ~~the~~ said
Harden would strike him with the Club or words to that
effect this Deponant turning himself from them Im-
-agineing they were somewhat Reconciled, but on hearing
a Blow turn'd about & saw Singleton fall - but did not
see the Blow but Verily believes that the Stroke which appear'd
to be Very Violent put an end to the life of the said Aron
Singleton which Happened about Eleven Hours after,

And that the Deponent Immediately seized Harden &
took the Club from him & threw it away, which Club
the Lord Harden afterwards got again & gave to a negro
which he overlooked with orders to burn it which he be-
-lieves was accordingly done & further saith not —

The Deposition of John Christian Messing (Doctor)
aged about 28 years; Depoeth and says that on Satur-
day being the 15th of July 1786, this Deponent was called
to the assistance of Aron Singleton, who lay con-
quishing off a Desperate wound which appeared
to be done with the stroke of a Club, received just above
the temple on the left side of the Head of the said
Singleton which fractured his the aps Singleton's
