

Buildings as I have now examined them.

11th Int. Can said land be divided without loss and injury to the Parties interested
slightly fully herein?

Ans. I think they can, for the reasons given in my answer to the foregoing
interrogatories and because if divided it will bring more.

To Comp interrogatories filed with the Commissioner by the Defendants and
hitherto returned, the said James M. O'Connell deposes and says to the

1st Comp Int. Waived as to this Depoent.

2^d Comp Int. In speaking of an advantageous division of the Property have you
your mind fixed upon certain definite plan of dividing the same? Describe it

Ans. I think a line could be run North and South or nearly so, as to make
an equal division between the parties.

3^d Comp Int. Are you thoroughly acquainted with the Character of the
Entire Land?

Ans. Yes.

11th Comp Int. State the character of the land lying South and South East
of the dividing line you have spoken of as compared with the rest of the
land. Is the difference in quality considerable? Is it Hilly and Rocky
what is the Character of the Meadow compared with that on the other side.

Ans. The land that lies South and South East is not of as good quality
as that that lies South and South West, and of course is not so desirable
There are some Shells on it, it is pretty rolling land and of easy cultivation
The only Public Road touching the land is the Mabany and New Market road
marked on the Plat with a red line, which said Plat is heretofore filed
in this cause and marked "Exhibit" J. O. The whole land lying in the South &
South East division does not touch the County Road. Neither of them is worth any
thing for making hay, but only fit for Pasture. The one on the South East part
is much larger than the one on the North West part.

3rd Comp Int. Waived as to this Depoent.

6th Comp Int. Waived as to this Depoent.

7th Comp Int. Waived as to this Depoent.
