Ans No sir, I could not say exactly. Mrs. Kohlhaass and Hannah were there during that time; and Mr Spaulding was there part of the time but how long he stayed I can't say; Mr. Martain's sons (William and Richard) were there part of the time. Ans She just partook of the work that was to be done both in the house and out of doors, she was not particular. If the rest were not there she done it all and if the rest were there she just partook of it. Of course she had the doing of the work herself with the help of the others

Ans At times, she was able to do part of it.

Ans She now was disabled so that she could not do anything, only at some times.
