How do you know it was 15 years before she got her pension money, when you admit you don't know what year the house was built or what year she got her pension money?

Ans

I don't know the year but I know pretty much how long she lived with Jones before she got her pension.

Can you swear positively that this house was built at all before Sarah Pottymann received this pension money?

Ans

I swear the house was built before she got any pension.

94

And yet you do not know and cannot tell either of the year in which she received the pension money or in which the house was built?

Ans 104

Neither of the year I told you that there were any improvements made to this property?

Ans

Yes, Sir - some little.

What were they?

A kitchen built on to the house - an up stairs to the kitchen the house was weatherboarded and a little outside work was done on the house that Jones built - I don't know what was done exactly.

Was this improvement made before Sarah Pottymann's death?

Ans

Yes, Sir - It was made of hemlock stuff.

How do you know that George H. Jones bought the land in question from William J. Kindly?

Ans

He told me so & Mr. Kindly told me so, that's all I know about it.

134

Then you are not testifying in case from your own personal knowledge but it is largely hearsay isn't it?

Ans

No, Sir. I am telling what I know myself.

144

Didn't you swear that the only knowledge you had of Jones purchase of the property was what he (C. Jones) told you?

Ans

Yes, Jones and Mr. Kindly didn't Jones pay for this land.

154

No, Sir - not a dollar.

And you don't know whose money paid for it?
