

NO. 7991 Equity.

My name is Isaiah D. Wood: my age 52 years. I reside near Rocky Ridge in Frederick County, Md. I know all the parties to this cause.

I know George W. Krise late of Frederick County. He is dead. He died at home in said County, in June last, and left no will.

He left no widow, but left two sons as his only heirs at law: their names are Charles B. Krise who is married, and his wife's name is Margaret S. Krise. They are both adults and live in Frederick County. The other one is named William S. Krise. He is married and his wife's name is Eliza. They are both adults and live in the State of Ohio.

I know the real estate of which the said George W. Krise died seized and produced. It consists of a farm of about 150 acres, situated in Cragentown district in said County, about half a mile from where I live.

I suppose it is worth \$500 per acre. I look at Exhibit No. 1, to the Bill and said Exhibit correctly described said farm.

I do not think said land be divided among the heirs without loss, and injury thereto, because it comprises one entire farm and has been used as such for a long time. I understand the heirs cannot agree among themselves about its sale.

To the Hon. Lot by the Examiners.

No. Sir. I do not act.

Isaiah D. Wood

I know the farm in question of course; the mortgage of \$3000- now held by Ann S. Hearn on said farm, had the interest on it paid up, to Sept. 26-1905, out of my father's share of the rents. Since which time, I have been keeping the interest up. Said farm is not capable
