

NO. 8627. Equity.

Petition of Andrew H. Arnold Vincent S. Kepler & Wm. G. Shaper to be made Co. petitioners in this cause & to have Order thereon.

Filed Dec. 31-1910.

The Savings Bank of Brunswick, a body Corporate, et al } In the Circuit Court for Frederick County, in Equity.
vs. }
Petition

To the Honorable the Judges of the Circuit Court for Frederick County, sitting as a Court of Equity:
The Petition of Andrew H. Arnold, Vincent S. Kepler and William G. Shaper, respectfully shew unto your Honors:
1st. That they are adult residents of Frederick County.
2nd. That they are each creditors of the Savings Bank of Brunswick having deposits in said bank about the sum of eight hundred dollars: the said Vincent S. Kepler has on deposit in said bank, between eight hundred and nine hundred dollars, and the said William G. Shaper has on deposit in said bank, in conjunction with his brother Millard F. Shaper, between seven and eight thousand dollars.
3rd. That they are informed and believe that said bank is insolvent and that its affairs should be wound up under the orders and direction of your Honorable Court.
4th. That they are all in accord with the receiver heretofore appointed in this cause and desire that they shall be retained with power to convert the assets of the bank into cash and distribute the same under the orders of your Honorable Court, to those claims entitled.
5th. That they are strongly opposed to any further or other litigation, there is absolutely necessary and believe it will be for the best interests of all concerned to have the assets collected and distributed in this cause.

Your petitioners therefore pray your Honors that they may be permitted to come in and be made parties to the amended petition filed in this cause as amended, on the 17th day of December, 1910, alleging the insolvency of said Savings Bank and praying for the dissolution of said Corporation, and for such other and further relief as the nature and equity of this case may require.

Andrew H. Arnold
Vincent S. Kepler
William G. Shaper
