

7.X.Int. he buildings pretty much covers that lot dont they?

Ans. Yes sir, but there is an alley way between the dwellings and the 10 pin alley.

8 X.Int. Now sir if you would want to purchase lot No. 60 with the buildings on it, held as it is, which would give the more for, a half interest in that lot as an entirety or in parcels?

Ans. If I wanted the whole I would rather purchase it as a whole, if I wanted a portion of it I would give rather more proportionately for the part I wanted if sold separately I mean I would rather pay more for the portion I wanted than to have to purchase the whole to get that portion.

Ans. If I had use for the property and the means to purchase it with I would not object to purchasing.
